Welcome to the University of Canterbury

Welcome to all the students with disabilities who will be studying at the University of Canterbury, especially to new students who will be joining us this year.

A large number of students with disabilities study at the University and the Disability Resource Service is here to provide support, assistance and advice to ensure that you can make the most of your time here and achieve your academic goals.

UC Orientation 2012

A university-wide programme for new students commences in mid-February 2012. A full programme of orientation events takes place during this period to introduce new students to the University.

The orientation programme provides an opportunity for students to find out about the services and resources offered at the University as well as the opportunity to meet and get to know fellow students. You can check out the information online at www.canterbury.ac.nz.

Disability Resource Service

The Disability Resource Service assists students with disabilities by providing appropriate, disability-related study support services and specialist resources such as:

- practical support (eg, interpreters, note-takers)
- assistive technology (eg, digital voice recorder, CCTV, screen reading and voice recognition software)
- information in alternate formats (eg, electronic, enlarged, tactile diagrams, Braille)
- special arrangements for exams (eg, extra time, separate room, writer).

In addition to providing individual supports, the service also provides advice and general information on disability-related issues at the University to both students and staff.

This booklet provides an overview of disability support services available at the University – but we are very aware that each student's needs are different. There may be individual queries you have about things that are not covered here. If this is the case, or you have any general queries about disability services at the University of Canterbury, do feel free to contact the team here at the Disability Resource Service.

Contact information and office hours

The Disability Resource Service is temporarily located in Room 317, Level 3, Rutherford Building.

Mobility car parks are located in the car park off Engineering Road at the entrance to the Rutherford Building with wheelchair ramp access to the automatic opening doors at the entrance of the building.

The Disability Resource Service is open from 9am to 4.30 pm, Monday to Friday, throughout the year for general enquiries.

The Disability Resource Service

Temporarily located in Room 317, Level 3, Rutherford Building

Postal address

The team

Full contact details can be found on our website at www.canterbury.ac.nz/disability

Stephen Russell, Team Leader, Disability Resource Service, ext 4901

Rebekah Ardell, Disability Resource Support Coordinator, ext 6350

Nicola McDonald, Disability Resource Advisor, ext 4959

Rachel Rogers, Disability Resource Advisor, ext 7480

Samuel Maddimadugula, Alternative Format Centre Coordinator, ext 4905

Website

The Disability Resource Service's website is our primary point of contact with students and staff on all matters relating to disability support at the University. You can access the webpage by going straight to www.canterbury.ac.nz/disability

Email distribution list

Each student who registers with the Disability Resource Service is included in our email list. This list enables the Disability Resource Service to make contact with students and keep you up-to-date with things that are happening, new services, groups, resources, meetings, training and other useful information.

Accessing disability study supports

Eligibility

Any student enrolled in an assessed course who has a temporary or permanent disability that affects their ability to study is eligible to register with the Disability Resource Service at any stage of the academic year. This applies whether studying at the Christchurch campus, at regional campuses/centres (Rotorua, Tauranga, New Plymouth and Nelson) or by distance.

In order to register you must provide a pertinent, comprehensive report expressing an appropriate professional's opinion of your disability/medical condition and its possible impacts so we can develop a support plan with you.

You need to be registered with the Disability Resource Service and have a current learning support plan in order to use the services provided.

The four-step registration process

Step 1: There are two easy ways to begin the registration process for disability study supports:

- phone or email the Disability Resource Service and ask for an information pack, or
- apply to enrol in your chosen course of study.

Rebekah Ardell, Disability Resource Administrator

On your application to enrol you will be asked if you have a disability, illness, injury or medical condition – reply yes. Your contact details will be sent to the Disability Resource Service and we will send you an information pack and learning support questionnaire.

Step 2: Complete the learning support questionnaire and return this to us (with any supporting documentation).

Step 3: We will contact you and arrange a time for you to discuss your needs with a Disability Resource Advisor.

Step 4: You and the Advisor confirm a learning support plan.

Rachel Rogers, Disability Resource Advisor

Types of supports

The Disability Resource Service employs a large number of staff who provide individual support to students. The majority of our support staff are postgraduate students at the University.

Please note: while every attempt will be made to provide the support required as soon as possible, there may be delays in providing services or it may not be possible to provide every support required.

Practical supports

Note-taking

Note-takers may be arranged for students with disabilities who are unable to take notes in lectures. The provision of this service requires that students attend all lectures for which note-takers are provided. Lecture notes can be produced in an alternative format if required.

Reading

Arrangements can be made for a reader to assist a student who has vision impairment, for example, reading in person or reading onto an audio recording.

Sign language interpreting

New Zealand Sign Language Interpreters can be arranged for students who are Deaf, subject to availability.

Laboratory assistance

For students who are unable to carry out the practical requirements of courses that require laboratory work, a laboratory assistant can be provided to assist in carrying out the practical tasks.

A laboratory assistant can also be provided for health and safety reasons.

Nicola McDonald, Disability Resource Advisor

Research assistance

Research assistants can be arranged for postgraduate students who are undertaking research as part of their thesis or dissertation and who have impairment/disability-related difficulties with carrying out their research.

Word-processing

A word-processing service is available for students who are unable to type their assignments/essays on a computer due to impairment/disability-related reasons.

Library assistance

Students who have difficulty accessing material in the libraries around campus may discuss alternative arrangements with a Disability Resource Advisor.

Recording of lectures

Many students record their lectures with the prior permission of the lecturer concerned and students with disabilities may find it useful to do so, but the lecturer's permission must be sought first.

Recording a lecture enables the student to listen to a lecture without being distracted by having to write notes at the same time.

Equipment pool

A limited range of specialist equipment is available on loan for students with disabilities or for departments to take out on short-term loan for their students.

Learn

Learn is an online 'Learning Management System' which is increasingly being used by lecturers to deliver course material and online tests, discussion groups and live chat for class members. Students can access the system from a campus computer lab or over the Internet from home. If you have any difficulties with accessing Learn material, or are not sure how to log-in, contact the IT helpdesk ext 6060 for assistance.

Alternative Format Centre

The Alternative Format Centre specialises in converting information into accessible formats for individuals with print disabilities.

The Centre currently provides the following supports:

- printed and written information is converted into accessible formats
- visual information eg. graphs, diagrams and pictorial illustrations can be converted into tactile format with captions in Braille and English where necessary
- recorded audio files are transcribed into digital text/print
- enlarged photocopying in colour or black
- scanning of printed/visual information.

Resource rooms with the following software and equipment are available for student use:

- JAWS screen reader
- MAGic screen magnifier
- Open-Book Optical Character Recognition
- Dragon Naturally Speaking Speech Recognition
- TextHelp! Read & Write Gold
- CCTV scanner
- Microtek scanner.

For more details see Resource Rooms on page 11 of this handbook. Visit www.canterbury.ac.nz/sas/disability/links.shtml for links to useful online resources.

Stephen Russell, Disability Resource Service Team Leader and Samuel Maddimadugula, Alternative Format Centre Coordinator.

The Alternative Format Centre is temporarily located in Room 310, Level 3, Rutherford Building.

Phone: 03 364 2987 ext. 4905

Email: samuel.maddi@canterbury.ac.nz

Special arrangements for examinations

Examinations

Students who have an impairment or disability that will significantly impact on their academic performance in examinations can apply for special arrangements to be made for examinations and tests.

Special arrangements for examinations are generally set up at the same time as the learning support plan; however you can make an application at any time providing they meet the deadline set in the Enrolment Handbook.

Types of special arrangements that may be provided include:

- extra time
- writer
- reader/writer
- ergonomic furniture
- use of computer
- small or separate rooms.

To apply you must:

- (i) provide a pertinent, comprehensive report expressing an appropriate professional's opinion of your disability/medical condition and its possible impacts, and
- (ii) meet with a Disability Resource Advisor to discuss the most appropriate special arrangements.

The final dates for applications for special arrangements for mid-year and end-of-year examinations in 2012 are:

- Thursday 24 May for mid-year examinations
- Thursday 4 October for end-of-year examinations.

Departmental tests

Once the Disability Resource Service has approved your special arrangements, academic departments are then responsible for providing these arrangements for tests (or other internal assessments if required).

It is your responsibility to confirm any special arrangements required with the administrators of the departments concerned no later than one working week before the day of the test (or other assessment). If you contact the department after this time there is no guarantee that a special arrangement will be made.

Formal mid-year and end-of-year examinations

Implementation of exam special arrangements for formal exams are automatically arranged by the examinations department.

Please note: students should note that although the support received from the Disability Resource Service is documented on their internal transcript it does not appear on their external transcript or noted on their qualification.

Resource rooms

The following resource rooms are available to all students registered with the Disability Resource Service on a 'room-booking, first-served' basis. Rooms can be booked online at <http://webapps.libr.canterbury.ac.nz/mrbs/day.php>

The Green Room and Blue Room

The Green Room and Blue Room are located in the basement of the Erskine building. There is a computer with Magic text enlarger software and JAWS screen reader software in each room. Both computers are connected to the University student network. The Green Room has a 17" LED monitor and a CCTV scanner.

The keys to these rooms can be picked up from the Disability Resource Service, Level 3, Rutherford Building.

Rest Room

A Rest Room is available for students who experience fatigue or tiredness during the day. This room is located on the ground floor of the Engineering block.

Please contact the Disability Resource Support Coordinator to book this room.

College of Education Library

A computer with a large screen is located in room 109 of the College of Education Library. A height-adjustable desk, scanner, screen reader, magnifier and TextHelp! software are also provided.

Limited full-time study

The Disability Resource Service has information and application forms for Limited Full-Time Status which enables you to study as a part-time student because of reasons of disability, but retain eligibility for a Student Allowance.

For workload and course planning, each College and the School of Law has a Student Advisor who can provide detailed information and advice on courses and degree structures. Contact the relevant College or School for further information.

Computing

Computer skills

Students need to ensure that they have sufficient computing skills to support independent university study.

TextHelp! Read & Write Gold can be accessed through all computers throughout the UC campus when it is added to your profile.

ICTS provides a range of support for students via seminars, one-to-one help, or phone and email.

Further information about these services can be found on the ICTS website at www.icts.canterbury.ac.nz or visit the ICT Service Desk on level 2 of the Central Library.

Address, Email and Student Web Policy

Students are required to ensure that the University has their current contact details. If you move you must inform the University of the change of address.

Prior to completing enrolment UC will use your personal email address as the main point of contact. If you need to change your email or postal address details at this time, it should be done via the Contact Centre (0800 VARSITY or 0800 827 748).

Once you have accepted your Enrolment Offer and are fully enrolled (ENR status) all contact will be through the UC email and web portal. It is a condition of your enrolment, as per the student declaration, that all students must read information on their UC Student email/web portal at least once per week (you are strongly advised to check your email daily). Any changes to your email and postal address at this time must be submitted online.

This policy is for your protection and will ensure that you are up-to-date with all requirements and information from UC. The only exemption from this policy will be if you apply for and are approved as exempt by the Manager Admissions and Enrolment.

Library support services

Proxy borrowing service

This service is available to students with disabilities who find it difficult to get into and around the libraries. It provides for a proxy, who can be any existing borrower, or a friend, family member or helper to take out books on behalf of the student with the disability. If there is no existing record, a new one can be created for the proxy borrower. Under this arrangement, all items checked out by the proxy borrower are recorded on the library record of the authorised borrower. There is a \$10 charge for a proxy borrowing card. For details please contact the Library Helpdesk in the Central Library on (03) 364 2987 ext 8723.

Distance library service

Students who are not able to easily use the university libraries because of their disabilities may be eligible for a distance library service. You can find out more by visiting <http://library.canterbury.ac.nz/distance>

Please contact a Disability Resource Advisor to discuss how this service could meet your needs.

AskLIVE and other help services

The library offers a live chat service, where you can get answers from a librarian in real time. This is available:

Monday to Thursday: 9am – 9pm

Friday: 9am – 6pm

Saturday: 10am – 5pm

Sunday: 10am – 9pm

Please go to <http://library.canterbury.ac.nz/help> for more information.

Library staff are also available in a number of other ways to assist you, either by using email, visiting a help desk or phoning (03) 364 2987 ext 8723.

You can even make an appointment with an Information Librarian who will provide you with specialist individual assistance within a subject area. Just go to <http://library.canterbury.ac.nz/services/infoserv/sublibs.shtml> to locate your Information Librarian .

Library tutorials

The Library offers tutorials at the beginning of each semester so please check the website for times and enrol yourself in a course – you will be glad that you did. The Library also has a range of online tutorials and guides to teach yourself about the Library's resources.

Visit <http://library.canterbury.ac.nz/infolit> and take a self-paced course.

Campus accessibility

The University of Canterbury campus is mainly flat but there are nevertheless some problems with access around the campus. Improving access on campus is an ongoing process and we invite feedback from anyone regarding access difficulties so that we can look at continuing to improve access as the availability of resources allows.

The following are major accessibility projects that have been completed to improve access on campus.

Door-openers

Heavy fire doors present a major impediment to ease of access within many buildings on the campus. Door-opening mechanisms have been installed in some buildings to improve access into, and within, buildings.

These mechanisms will continue to be installed as and when funding is available. If you feel there is a need for the installation of these mechanisms in specific areas of campus please contact the Disability Resource Service.

Hearing loops in lecture theatres

The following lecture theatres are equipped with a hearing loop system:

- Engineering: E1
- Law: 108.

Fixed, height-adjustable desks

Fixed, height-adjustable desks for students who use wheelchairs have been installed in the following lecture theatres:

- Central Lecture Theatre building: C1 – C3
- Arts (North) Lecture Theatre building: A1 – A3
- Arts (South) Lecture Theatre building: A4 – A6.

For a demonstration of how to use these desks please contact the Disability Resource Service.

Library access

Central Library

Access to the Central Library for students who use wheelchairs or have other mobility needs is provided under the Central Library's main (front) steps, outside the entrance to the Undercroft. This entrance gives users access to a glass lift which will transport them to level 2, the main floor of the library building.

Other libraries on campus

Other libraries on campus have either ground floor or lift access to their entrances.

Education Library, Dovedale Avenue

Access to the lift for the library is through automatic doors at ground level. This is in a corridor outside the library. Automatic access through this entrance is by the use of your Canterbury Card once the access has been approved by the Disability Resource Service. Toilets with wheelchair access are located on levels 1 and 2 of the library.

Public photocopying machines are available on levels 1 and 2. If you have any difficulty in doing the copying yourself, arrangements can be made in advance for staff to do this for you. Phone (03) 343 7736, or ext 44936 during library opening hours.

Student Services

The Student Services Helpdesk is currently located on the ground floor of the Erskine building.

Erskine building basements

Wheelchair access to the basement of this building where lecture theatres, computer workrooms and the Blue and Green Rooms are located is via the lifts.

Recreation Centre

Wheelchair access to the Recreation Centre is made by using the Canterbury Card as a swipe card to enter through the turnstile at the rear of the building.

Security

Security operates on campus 24 hours a day, 7 days a week and can be contacted for assistance at any time, day or night, on (03) 364 2987 ext. 6888 (ext. 6111 for emergencies) or 0800 823 637 off campus or by cellphone.

The Security Office is located at 114 Ilam Road, opposite Ilam Fields. If you have any concerns about your safety when on campus, please contact Security.

Building wardens

Each building has a building warden. There should be a notice at the main entrance to every building identifying the building warden. If you have a mobility difficulty and are a regular user of a particular building,

you may wish to inform the building warden of the regular times that you expect to be in that building and discuss with them the particular safety procedures for that building. In the event of an emergency evacuation, the building warden then knows that you may be in the building. In particular if you are in the Central Library or one of the branch libraries and will be studying there for some length of time, you may wish to inform the staff at the Information Desk.

If you need help to evacuate a building in an emergency, please respond yes to this question on your application to enrol, or update this information through UCStudent Web or by advising the Disability Resource Service.

Transport to the University

Mobility car parking

Finding a car park on campus can be a major challenge! All cars parked on the campus between February and November must display a valid 2012 parking permit or a pay-and-display coupon. This includes parking in the disability car parks. There are numerous mobility car parks on the campus and the legitimate use of these parks is monitored and enforced at all times by Security. Cars not displaying the Operation Mobility display card, a valid parking permit and/or a pay-and-display coupon may be clamped and/or removed at the owner's expense.

There are a number of mobility car parks located at the rear of the Central Library, which gives ease of access to the central campus area including the Central Library, Information and Communication Technology Services, the Arts Lecture Theatres, the College of Arts departments and the University Bookshop.

CCS Disability Action can issue Operation Mobility display cards.

Their contact details are:

PO Box 8066

Christchurch 8440

Phone: (03) 365 5661

Fax: (03) 372 9507

Wheelchair taxis

Several taxi companies in Christchurch provide a wheelchair taxi service.

Common drop-off points on the campus are:

- the rear of the Registry building for the Ilam Road areas of the campus
- the UCSA car park
- outside the Central Lecture Block for the central area of the campus
- outside the NZi3 building on Creyke Road for the northern parts of the campus
- outside the Kirkwood Village on Kirkwood Ave
- outside the Waimairi building for the College of Education.

Bus services

A special feature of the bus service in Christchurch is the 'kneeling' floors which make the buses accessible for wheelchair users. For further information on the 'kneeling' buses and any other information about public transport in Christchurch phone:

METRO INFO on (03) 366 8855 or go to www.metroinfo.org.nz

The University is on the following five bus routes:

Ilam Road

- No. 3 Airport – Sumner (via Avonhead)
- No. 21 Ilam – Mt Pleasant (via City)
– Dovedale also
- The Orbiter
- The Metrostar.

Creyke Road

- No. 23 Hyde Park – Woolston (via City)

Clyde Road

- No. 20 Burnside – Barrington (via City)

The campus bus service has a RTI (Real Time Information) electronic display board in the Central Library which displays the time of arrival of the next bus.

Support and advocacy for students with disabilities

ACHIEVE

ACHIEVE is a national network established to ensure equal opportunity and access to post-secondary education and training for disabled people. Its membership includes students with disabilities, their families and friends, post-secondary education providers, disability coordinators and other professionals supporting students with disabilities in post-secondary education, and service providers in the disability community. The University of Canterbury is a corporate member of ACHIEVE. Individual membership forms for ACHIEVE are available from the Disability Resource Service or directly from ACHIEVE.

ACHIEVE

National Post-Secondary Education
Disability Network
c/- Otago University
PO Box 56
Dunedin
Website: www.achieve.org.nz
Email: info@achieve.org.nz

Scholarships

Scholarships are available for both undergraduate and postgraduate students. Information on this can be found at www.canterbury.ac.nz/scholarships/foryou.shtml

There are four scholarships for students with disabilities.

UC Doctoral Scholarships for Students with Disabilities

This scholarship, tenable for study towards a degree of Doctor of Philosophy at the University of Canterbury, was established in 1999 to provide an incentive for students with high academic achievement who have a significant disability. For more information, go to www.canterbury.ac.nz/scholarshipsearch/ScholarshipDetails.aspx?ScholarshipID=6935.459

UC Master's Scholarships for Students with Disabilities

This scholarship, tenable for study towards a master's degree at the University of Canterbury, was established in 1999 to provide an incentive for students with high academic achievement who have a significant disability. For more information, go to www.canterbury.ac.nz/scholarshipsearch/ScholarshipDetails.aspx?ScholarshipID=6935.210

Dr Russell Smith Memorial Scholarship

This scholarship, tenable for one year, will be awarded to a student who is blind or significantly visually impaired, studying in any discipline. For more information, go to www.canterbury.ac.nz/scholarshipsearch/ScholarshipDetails.aspx?ScholarshipID=6935.1059

Educ8 Scholarship

These scholarships, tenable for one year, are awarded under seven categories to students who are currently enrolled for undergraduate or honours study towards a degree within the University of Canterbury College of Education. One of these categories is “overcoming barriers” (eg. Disability). For more information, go to www.canterbury.ac.nz/scholarshipsearch/ScholarshipDetails.aspx?ScholarshipID=6935.1088

Community agencies

There is a wide range of disability agencies and organisations in Christchurch – the Disability Resource Service has an extensive range of information, contact details, pamphlets and brochures available.

You may find it helpful to keep the following list handy.

Information centres

Disability Information Service

314 Worcester Street
Christchurch
Phone: (03) 366 6189
Email: dis@disinfo.co.nz

Citizens Advice Bureau

CPIT Student Association
5 Madras Street
Christchurch
Phone: (03) 366 6490
Email: cab.christchurch@xtra.co.nz

Advocacy

DPA (NZ) Inc

DPA (NZ) Inc is an umbrella organisation representing disabled people, organisations involved in advocacy on their behalf, and service providers.

Phone: (03) 379 8525
Email: dpachch@cyberexpress.co.nz

Needs assessment and service coordination

A needs assessment is required to access the disability support services in the community funded through the Canterbury District Health Board. Service coordinators are available to assist with arranging for the supports to be put in place. The two agencies that provide these assessment/service coordination services in Christchurch are:

Lifelinks

PO Box 2379
Christchurch
Phone: (03) 365 9593
Toll-Free: 0800 866 877
Email: office@lifelinks.co.nz

Provides needs assessment and service coordination for people who have a physical, intellectual, sensory or psychiatric (including alcohol and drug) disability.

Needs Coordination Centre

Princess Margaret Hospital
PO Box 800
Cashmere Road
Christchurch
Phone: (03) 337 7936
Toll-Free: 0800 82 22 82
Fax: (03) 337 7720

Needs assessment and service coordination for people who have a psychiatric and/or drug and alcohol related disability.

Training and education support

Workbridge City

Unit 4, Carlton Mews
21 Bealey Avenue
PO Box 16504, Hornby
Christchurch
Phone: (03) 377 2188
Fax: (03) 377 2176
Email: annat@workbridge.co.nz

Workbridge Hornby

Unit 3
11 Goulding Avenue
PO Box 16-504
Hornby
Christchurch
Phone: (03) 962 8369
Fax: (03) 962 8366
Email: adiem@workbridge.co.nz

Workbridge manages the Training Support, Job Support and Self-Start Funds. The Training Support Fund provides financial support for a person with a disability undergoing training or education as part of their plan to gain open employment.

Specialised equipment for people with disabilities

ENABLE New Zealand

36 Kingsley Street
Sydenham
Christchurch
Phone: 0800 362 253
Email: enable@enable.co.nz

Enable Wheelchairs administers the funding of wheelchairs and some other mobility equipment on behalf of the Canterbury District Health Board; Enable Stores administers the funding of other services including housing alterations, vehicle grants and driving assessments.

Accommodation

The University of Canterbury Accommodation Advisors can provide assistance with and advice on:

- accommodation options for prospective students
- the application process for the halls of residence
- the costs associated with living away from home
- private renting, landlord and tenancy issues
- airport pickups for international students.

Halls of residence

www.canterbury.ac.nz/accom

The University of Canterbury has six halls of residence which are all independently operated.

All of the halls offer fully-furnished rooms, computer facilities with University network and internet access, social and recreation facilities, and study rooms. All halls are located a few minutes walk from the campus facilities.

All halls have male and female students on mixed floors.

Halls of residence – fully catered (meals provided)

- Bishop Julius
- College House
- Rochester and Rutherford
- University Hall

Halls of residence – semi-catered (full kitchen facilities and a catered dinner every night)

- Sonoda Christchurch Campus

Halls of Residence – self-catered (meals not provided)

- Ilam Apartments

Other advice and support on housing can be obtained from Housing New Zealand.

Housing New Zealand (Papanui Branch)
