You do not need to complete this section if you do not have a NZ student loan, and do not intend applying for one this year.

IRD Number

Interest-free student loans and other interest write-offs

If you have a student loan, or anticipate applying for one this year, you may be entitled to have the interest on your loan written off for the period of study.

On 1 April 2006, legislation was introduced to make student loans interest-free for borrowers living in New Zealand. For more information on how to become eligible for interest-free student loans, go to www.ird.govt.nz/studentloans.

If you choose to provide your IRD number with your Application to Enrol, this will be included with your enrolment details and will be reported to the Ministry of Education. The Ministry of Education will send your study information to Inland Revenue to check if you are eligible for an interest write-off and adjust your student loan account automatically.

Providing your IRD number is voluntary. If you choose not to provide your IRD number, you should contact Inland Revenue directly if you think you may be eligible for an interest write-off.

Please note: providing your IRD number on this form is not an application for an interest write-off. If the information you provide is incorrect and cannot be matched, no write-off will occur. You will not be contacted directly in that event but you may contact Inland Revenue for more information.
