Rainbow Diversity Support

UC is proud to partner with Ngāi Tūāhuriri and Ngāi Tahu to uphold the mana and aspirations of mana whenua.

Published Pipiri June 2025. Information is correct at the time of print, but is subject to change.

# Welcome to UC

At UC, we believe postgraduate study is more than a qualification — it's a step towards the life and career you see for yourself. This choice can be driven by a desire to deepen your expertise, to contribute to the frontiers of knowledge, a determination to solve pressing challenges and to make a positive impact in our changing world.

Our postgraduate students are as diverse as the ambitions they pursue. Some arrive directly from undergraduate study, drawn to UC's vibrant student experience and inspired by the opportunity to grow their careers in Ōtautahi Christchurch — a city known for its innovation, regeneration, and forward-thinking spirit. Others return to study after years of professional experience or balancing family life and commitments while upskilling and shifting careers and some are continuing to study after achieving a UC qualification.

The Waitaha Canterbury region is home to a growing ecosystem of research-led enterprises, high-tech startups, industry leaders, and social impact initiatives — creating fertile ground for connection, collaboration, and career development. In this environment, UC postgraduate students are contributing to a dynamic and growing future.

With flexible learning options, dedicated support services, and a strong culture of academic excellence, we empower postgraduate students from all walks of life to thrive. Here, postgraduate study isn't a one-size-fits-all experience — it's a personalised journey backed by world-class research and a supportive community, with a shared goal of academic excellence and real-world impact.

Whatever path has brought you here, I welcome you. Join us in exploring what's possible when you pursue knowledge and innovation. At UC, we'll help you turn your passion into progress and real change for the future.

**Professor Cheryl de la Rey**  
**Tumu Whakarae | Vice-Chancellor**  
**Te Whare Wānanga o Waitaha | University of Canterbury**

**120+**  
*qualifications in subjects ranging from Antarctic Studies to Writing*

# Postgrad at UC

Curious about a specialist topic? Want to develop professionally or change direction? Whatever your goals, We offer over 100 graduate and postgraduate qualifications along with the support to achieve them.

## Varied study options

UC offers a range of higher qualifications in many subjects – from Accounting to Writing:

- honours degrees
- graduate certificate’s and diploma’s
- postgraduate certificate’s and diploma’s
- coursework (“taught”) master’s degrees
- research master’s degrees
- conversion degrees
- doctoral programmes.

Learn more about these qualifications on pages 9–10.

## Flexible learning

You can balance study with your life and other commitments through our flexible learning options. Depending on the qualification, you could do block courses, professional development courses, online learning, or study part-time.

You can also enrol in a single course without crediting it to a degree. Upon completion and with approval, you can gain a Certificate of Proficiency for that course.

## UC’s global presence

**Top 90**

UC is in the top 90 universities in the world (Impact Rankings—Times Higher Education).

**Top 100**

UC’s Civil Engineering, Geography, and Linguistics is in the top 100 for QS subject rankings 2025.

**Top 200**

UC’s Marine Science, Forestry, Geology, Geophysics, and Politics is in the top 200 for QS subject rankings 2025.

**Top 1%**

UC’s Marine Science, Forestry, Geology, Geophysics, and Politics is in the top 200 for QS subject rankings 2025.

**1 out of 6**

UC’s Engineering programmes are accredited by Engineering New Zealand – 1 of the 6 signatories of the Washington Accord (1989).

Times Higher Education  
**Impact Rankings**  
 2025 TOP 70

## UC's world class facilities

### Science, Psychology and Health

- The Rutherford Regional Science and Innovation Centre specialist labs
- IMARS scanner – the world's first high-res colour 3D x-ray
- Speech and language clinics
- Sports science centre

### Business and Law

- Financial trading room
- Moot court room

### Engineering and Product Design

- The largest structural engineering lab in Aotearoa New Zealand
- Nanofabrication laboratory
- Augmented reality lab

### Fine Arts and Cultural Heritage

- The largest Greek and Roman antiquities collection in the Southern Hemisphere
- Ilam Art Gallery

## Connect with industry

Applied learning experiences in research centres, institutions, and hubs are made available which can connect you with field, community, and business opportunities. Your postgraduate experience also involves an increase in direct support from staff and networking opportunities.

## A Supportive Environment

UC has a wealth of support services for you. You can attend orientation events, seek student life support from the Postgraduate Students' Association, on-campus childcare facilities; and academic support from academic and advisory services to supportive lecturers and supervisors. See [page 59](#) for more information.

**"Useful skills that I learnt at UC include undertaking desktop studies, communication skills, field and laboratory skills. I continue to use and fine-tune them today. I like how the methods and techniques taught in the postgrad courses are transferable to the professional world."**

**Stefan**

Professional Master of Engineering Geology

**\$302M**

*research contracts at UC*

# Rangahau | Research

UC is an important research university in Australasia. Our academic staff regularly collaborate with many researchers, business, and community groups.

## Research at UC

UC is home to 40 research centres, institutes, and hubs. The centres attract high-calibre academic staff and offer exciting research and work opportunities at postgraduate level.

## Accessible experts

Explore the range of our research areas, current researchers and their projects, partnerships, and groundbreaking findings at: [canterbury.ac.nz/research](https://canterbury.ac.nz/research)

The UC Research Repository is an open-access database of original research by Waitaha Canterbury academics, researchers, and postgraduate students.

**UC Research Repository**  
Explore UC's research communities and their collections.

## Te Kura Tāura UC Graduate School

Graduate research is exciting, but also challenging. We are here to support research students throughout your academic journey. UC Graduate School is a one-stop shop for research master's, doctoral information, and student support needs. See [page 9](#) for more information or contact [graduateschool@canterbury.ac.nz](mailto:graduateschool@canterbury.ac.nz).

## Exceptional resources

UC Library is accessible online 24/7 and has a research collection of over 1.9 million items; more than 45,000 periodicals, and specialist collections. Specialist subject librarians provide support across all disciplines. UC also has specialist libraries such as the Engineering and Physical Sciences Library (EPS), and the Macmillan Brown Library for Aotearoa and Pacific Islands material.

**“I chose to study here for the opportunities and connections that UC provides. More and more lecturers and researchers are taking astronomy here every year. I also get access to the Mt John facilities.”**

**Zachary**  
PhD in Astronomy

### PhD students create a tool to help prevent the third leading cause of death in New Zealand

Breath-to-Breath Observed Biometrics, or BOB, is being developed UC PhD students Ella, Jaimey, and Trudy after they found that respiratory data is locked inside medical devices and inaccessible by everyone, including patients.

“Our specialised software interprets and sends results to your GP, providing data-driven care that isn’t currently possible with appointments every one to three months. Current testing for respiratory illnesses can take a long time and be costly. Specialised clinics which do not have the capacity to be accessed by everyone.”

BOB provides real-time, high quality, breath-to-breath data for the patient and their clinician to use.

### Research-informed teaching

Our programmes are research-led, with academic staff actively researching and publishing in their specialist areas. Teaching and supervision up to PhD level is available in most subjects.

Our lecturers and researchers regularly receive international and national awards for their work. International experts and senior academics work with, teach, and lecture our postgraduate students at UC through our Erskine programme.

### A few of our research hubs

# Tuihono UC | UC Online

Tuihono UC | UC Online prioritises accessible learning by offering university programmes, short courses, and learning bootcamps, specifically designed for online learning.

## Grow your career

Whether you're looking to gain professional accreditation, steer your career in a new direction, or upskill, Tuihono UC | UC Online has a range of online study options that allow you to balance work and life. You can start learning at multiple points during the year to suit your schedule. Choose from short professional development courses to full degree programmes developed by industry and academic experts.

**Tuihono UC | UC Online Key Dates**  
For specific start dates and more information visit our learning calendar.

## Courses available through Tuihono UC | UC Online

### Professional development courses

- GIS for Mapping
- Learning Design series (2 courses)
- Mentoring Teachers
- Wellbeing series (3 courses)
- Academic Writing Basics
- Law and Disaster Risk Reduction
- Leadership for Performance
- Ngā Herenga | Bicultural Competency
- Effective Communication for Work
- Project Management (2 courses)
- Get Better at Generative AI
- AI Essential for Educators
- Designing Authentic Assessments in the Age of AI

### Digital bootcamp courses

- Data Science & AI
- Cyber Security
- Software Engineering

### Postgraduate Certificate's

- Digital Marketing
- Strategic Leadership
- Cyber Security
- Counselling Studies
- Clinical Exercise Physiology

### Postgraduate Diploma's

- Applied Data Science
- Clinical Exercise Physiology
- Nurse Prescriber

### Master's programmes

- Strategic Communication
- Engineering Management
- Applied Data Science
- Organisational Psychology
- Nursing
- Nurse Practitioner

## UC Online subjects

UC Online offers subjects ranging from Health Science to Engineering Management. We offer online postgraduate programmes and 12- 24 week digital bootcamps for in-demand areas such as cyber security and digital marketing.

**Digital bootcamp**  
Find out what short course are available via the **Institute of Data**.

## Flexible and supportive

All our courses are designed for learning online and delivered using the latest technology. With a focus on adaptability and accessibility, we make it easy to extend your learning and expand your professional skills.

Tuihono UC | UC Online has a strong focus on tiakitanga, pastoral care and support of our learners. Our team supports you in completing your study and to help you feel connected in an online learning world.

**Tuihono UC | UC Online**  
E: [info@uconline.ac.nz](mailto:info@uconline.ac.nz)

**Study options**

# Study pathways

Our range of postgraduate study options aim to streamline your study journey depending on your personal goals, interests, and life balance. Make your study work for you.

## Honours degrees

An honours degree allows you to delve deeper into a **subject from your undergraduate degree**. It involves a personalised study programme and is usually one year of full-time coursework and some research. Honours degrees are like a taster to further study and could lead into a master's degree or doctoral studies.

Some degrees have an honours year built into it such as the Bachelor of Engineering (Honours) or the Bachelor of Social Work (Honours) as these are designed for specific career outcomes.

## Graduate certificate's and diploma's

Most graduate qualifications can be taken by students with a bachelor's degree in a **different subject area**. They allow you to change subject focus — either related to your first degree, or to a completely different area. Graduate studies typically involve taking advanced undergraduate courses. This can enhance the value of your undergraduate degree, be a first step to a new career, or further your study.

Some graduate qualifications, like the Graduate Diploma in Teaching and Learning, are professional qualifications that prepare you for a specific career.

## Postgraduate certificate's and diploma's

Postgraduate certificate's and diploma's develop higher level understanding and specialist skills, normally in the **same subject area** as your first degree. They can be a specialised professional development opportunity or the next step towards a higher study. As well as offering structured courses, many allow you to undertake an independent project or research.

## Coursework (taught) master's

A taught master's degree provides a structured programme of courses at an advanced level.

Many applied learning opportunities such as an independent project or industry placement are included in the degree.

A number of UC's master's programmes allow for a combination of both coursework and research.

## Conversion master's

In some cases, you can study a **different subject** from that of your prior degree, opening up new learning experiences and career pathways.

For example, the Master of Business is a conversion master's designed to accommodate students from any undergraduate background, not just a Bachelor of Commerce.

See **page 10** for a list of conversation qualifications available at UC.

## Research master's

A research master's degree advances your knowledge and enables you to conduct a significant piece of independent research (with supervision) in the form of a 90+ point thesis.

## Professional development

We have professional development options for upskilling and to keep you up to date with your careers industry.

Further information is available:

see page **28** **Engineering Professional Development**

see pages **23-26** **Teaching Professional Development**

see page **6** **Tuihono UC | UC Online**  
Micro-credentials, short courses and master's degrees can be studied online while you work.

see pages **14-56** **Postgraduate certificate's and diploma's**  
All learning and upskilling options available at UC are provided in this prospectus.

## Your study pathway options

### Student Advisors for postgraduate students

We also have part-time study options available, which will take longer to complete. Some degrees may accept enrolments based on relevant work experience and do not require previous university study. For study planning advice, please contact a Student Advisor.

## Doctoral studies

A doctoral degree is our highest academic degree. Those who earn it must demonstrate significant intellectual achievement, high scholarly ability, and great breadth of knowledge. Doctoral degrees involve advanced research in your chosen subject, culminating in a 90+ point thesis.

UC offers two types of doctoral programmes:

### Doctor of Philosophy

**PhD** Postgraduate Research Doctorate

### Professional Doctoral degrees

**DMA** Doctor of Musical Arts  
page 43

**EdD** Doctor of Education  
page 26

**DHSc** Doctor of Health Sciences  
page 40

*The minimum period of enrolment for a full-time PhD student is three years; most will take between three to four years.*

### Applying for a PhD

Students who wish to do a PhD need a research-focused honours or master's degree at first-class or second-class division 1 level (or equivalent qualifications). Intending PhD students must contact and have agreement from a potential supervisor before applying.

An online interview is essential to your PhD application and must occur prior to your applications approval.

#### Future Research Students

Find a project or find a supervisor to kickstart your next academic venture.

## More study pathways information

For more information about postgraduate study, contact UC Graduate School.

Te Kura Tāura | UC Graduate School  
E: [graduateschool@canterbury.ac.nz](mailto:graduateschool@canterbury.ac.nz)

Qualifications for Postgraduate  
Explore the study pathway options at UC on our postgraduate website.

## Support for your study

### UC Graduate School Workshops

UC also deliver research experiences through seminars and workshops that prepare students for academic and professional post-study careers and opportunities via our Graduate School. We draw on best practices from around Aotearoa New Zealand and internationally to achieve this.

### Researcher development

We have worked closely with experts across the University to create a framework that students can use to navigate their research journey. The Researcher Development Framework consists of training and development opportunities tailored to each stage of a student's candidature.

Furthermore, we are the first point of contact for research students, supervisors and other support staff. Two dedicated Kaitoko | Research Student Advisors facilitate your transition into UC and offer regular one-on-one support.

#### Researcher Development

Find out more about how our framework can support your studies.

**“The environment at UC is very supportive. I've got such good relationships with everyone from the department lecturers and advisors through to the admin staff, I wanted to finish my linguistics study journey here.”**

#### Sidney

Master of Linguistics, Master of Applied Data Science, PhD in Linguistics

# Conversion qualifications

If you are looking to study something new or move into a different career, we have many qualifications for that too.

## Conversion options

Conversion qualifications allow you to move from one subject area into another and learn a new set of skills. They can open up new experiences and career pathways.

There are two types of conversion qualifications:

### I. Open entry

Anyone with a bachelor's degree in any subject can apply (master's degrees require a B or B+ average at 300-level).

### II. Entry depends on requirements

Some entry requirements are necessary, such as completing relevant courses or having practical or professional experience before applying.

## Conversion qualifications with open entry

<b>Graduate certificate's</b>	– Sport Coaching	<b>Master's degrees</b>	– Audiology
<b>Graduate diploma's</b>	– Arts		– Business (in Marketing, Management, Financial Management, or Supply Chain Management)
	– Commerce		– Business Information Systems
	– Criminal Justice		– International Relations and Diplomacy
	– Journalism		– Policy and Governance
	– Psychological Science		– Product Innovation
	– Science		– Professional Accounting
	– Strategic Communication		– Social Work (Applied)
	– Teaching and Learning (Early Childhood, or Primary)		– Speech and Language Pathology
<b>Postgraduate certificate's</b>	– Antarctic Studies		– Strategic Communication
	– Business		– Teaching and Learning (Primary)
	– Product Innovation		– Teaching English to Speakers of Other Languages
	– Youth and Community Leadership		– Writing
<b>Postgraduate diploma's</b>	– Business		
	– Business Information Systems		
	– Teaching and Learning (Primary)		
	– Youth and Community Leadership		

## Conversion qualifications with entry requirements

<b>Postgraduate certificate's</b>	– Digital Humanities	<b>Master's degrees</b>	– Applied Data Science
	– Sport Science		– Business Administration
<b>Postgraduate diploma's</b>	– Applied Data Science		– Financial Engineering
	– Business Administration		– Health Sciences (Nursing)
	– Sport Science		– Teaching and Learning (Secondary)
	– Teaching and Learning (Secondary)		

### Change Direction

To see entry requirements for each of these qualifications, go to [pages 14-56](#) or visit us online.

# Frequently asked questions

## What are the entry requirements for postgraduate studies?

Most have a minimum requirement of a bachelor's degree or equivalent, and depending on the qualification, this may need to be in a specific subject or include specific courses.

Generally, graduate certificate's and diploma's do not have a GPA requirement, however, most master's degrees require a minimum GPA in your undergraduate degree.

Go to **pages 14–56** for a full list of qualifications with their respective entry requirements, or check the website.

## What if I don't meet the entry requirements?

If your bachelor's degree does not meet the entry requirements for your chosen postgraduate qualification, you may want to look at doing a Graduate Diploma first. These are at the same level as a bachelor's degree.

For example, if you would like to do further study in psychology, you could do a Graduate Diploma in Psychological Sciences in 1 year of full-time study which would allow you to progress into other postgraduate qualifications in this area without having to complete another bachelor's degree.

If your GPA does not meet the requirements, you may be able to do one or two individual courses to bring up your GPA. In some cases, professional experience can be taken into account.

## How long will my study take?

Qualifications vary in length — graduate and postgraduate certificate's can be completed in six months; a full-time master's will take at least a year; and a PhD is typically completed in three to four years of full-time study.

## Do you offer flexible options?

### Part-time study

Many qualifications can be studied part-time, but this may require approval — the criteria considered include employment, immigration status, health, and family circumstances.

### Study online

With a range of master's degrees, micro-credentials, and postgraduate certificate's and diploma's, Tuihono UC | UC Online is specifically designed for online learners. Learn more on **page 6**.

Tuihono UC | UC Online  
E: [info@uonline.ac.nz](mailto:info@uonline.ac.nz)

### Study by distance

Distance learning is a hybrid option where classes are mostly done online with some block sessions on campus. This is offered in programmes such as the MBA and some teaching programmes. Course material is provided online, and students attend lectures through an interactive learning platform.

## Can I study just one course?

You may enrol in a single course. However, entry is based on the idea that you are enrolling without intending to credit it to a degree. Upon completion and with approval, you can gain a Certificate of Proficiency for that course.

UC offers short courses for professionals — see **page 22** for teaching courses, **page 27** for engineering, and **pages 57–58** for Tuihono UC | UC Online courses.

## Unsure or need advice?

Get in touch with a Student Advisor.

Advisors for postgraduate students  
E: [futurestudents@canterbury.ac.nz](mailto:futurestudents@canterbury.ac.nz)

# Apply and enrol

# Enrolment and scholarships

## Apply and enrol

Apply online at **myUC**. Create an account, register your details, and follow the online prompts. Courses can be added from 1 October to complete your application. You are recommended to submit your application for Semester 1 study by **13 December 2025**. Some qualifications have an earlier closing date and additional application requirements — check if your intended qualification is included in the list on **page 60**. Thesis students are enrolled on an annual basis.

### Admission and Enrolment

Follow the step-by-step guide on how to apply here.

## Doctoral applications (PhD, EdD, DMA, DHSc)

Doctoral applicants must arrange supervision before applying. Details on how to apply are available online.

### Enrol for a doctoral degree

Contact UC Graduate School, OR  
E: [thesis-enrolment@canterbury.ac.nz](mailto:thesis-enrolment@canterbury.ac.nz)

## Completing your enrolment

### Domestic students

Domestic students include:

- citizens of Aotearoa New Zealand (includes Cook Islands, Niue, and Tokelau citizens)
- citizens of Australia residing in Aotearoa while studying
- Australia and New Zealand residence class visa holders residing in Aotearoa while studying.

Identity documents may be required to match you to the National Student Index. When your admission is confirmed and your application (with courses) is approved, you will receive an Enrolment Agreement to review via myUC. Fees must be paid in full before the start of semester.

### myUC

Log in to accept your agreement and nominate your payment method.

### International students

You are an international student if you are a citizen or a residence class visa holder of a country other than New Zealand or Australia. If your application is successful, you will receive a Conditional or Unconditional Offer of Place.

All conditions must be met before an Unconditional Offer of Place letter is granted. An Unconditional Offer of Place is required to apply for a Student Visa, together with evidence of prepaid tuition fees. A pro forma invoice is included in an Unconditional Offer of Place.

New international students complete their enrolment in person. Once you've shown your current passport and valid student visa, an Enrolment Agreement is generated for you to review and accept. Any differences in fees must be paid before your enrolment is finalised and study can commence.

### How to pay your fees

E: [studentfinance@canterbury.ac.nz](mailto:studentfinance@canterbury.ac.nz)

## Study costs

Find out how much you are likely to pay for your study at UC, what funding options are available, and how to pay your fees by scanning the QR code below.

### More information

T: 0800 VARSITY (827 748)  
T: +64 3 364 3443 (outside NZ)  
E: [info@canterbury.ac.nz](mailto:info@canterbury.ac.nz)

## Scholarships

At UC, we have many scholarships funded by central funds, UC Trusts, UC Foundation, and many generous organisations and individuals. Start looking early for funding as it may take time to find out if your application has been successful. You should also ask your student advisor for scholarship opportunities in your subject area. For research students, your supervisor may also know of other funding options.

International students are eligible for many of our scholarships, but often fees are covered at the domestic New Zealand rate. Similarly, part-time study may also be supported by a scholarship, usually at a pro rata basis where this is permitted. Please check the conditions for each scholarship carefully.

## Preparing your application

Scholarship applications open approximately eight weeks before their advertised closing dates. To apply:

- review the eligibility criteria (subject/course, level, citizenship, school, region) and required supporting documentation
- complete the appropriate online form
- apply for as many scholarships as you are eligible. You can often hold more than one award at a time.

## UC scholarships and awards

### Doctoral scholarships

Approximately 150 awards are available.

### Postgraduate scholarships

Approximately 60 awards are available.

## Other scholarships

- Te Pōkai Tara | Universities New Zealand administers a number of scholarships. [www.universitiesnz.ac.nz](http://www.universitiesnz.ac.nz)
- New Zealand Scholarships assist students from developing countries. [www.nzscholarships.govt.nz](http://www.nzscholarships.govt.nz)
- Education New Zealand provide research scholarships. <https://enz.govt.nz/funding>
- Industry sponsored awards — contact the relevant Faculty or the Scholarships Office.

# Toi Tangata | Arts

UC Arts has research-driven teaching, and 40+ subjects to choose from.

Postgraduate students benefit from many resources including:

- the James Logie Memorial Collection – the Southern Hemisphere’s foremost collection of Greek and Roman antiquities
- Te Puna Rakahau o Macmillan Brown Macmillan Brown Library – a collection of Aotearoa and Pacific Islands materials
- the American and Canadian fiche collection
- the UC Art Collection.

UC is ranked among the world’s top 100 in Linguistics; top 200 in Political Science; and top 250 for Psychology (QS World University Rankings by Subject, 2024).

There are internship opportunities for postgraduate students through our Professional and Community Engagement Internship course, PACE495.

## Research

Research is integral to our teaching and academics are engaged in fundamental and applied research across a broad range of subjects at regional, national, and international levels. UC Arts hosts many successful research centres such as:

### Te Kāhui Roro Reo | New Zealand Institute of Language, Brain and Behaviour (NZILBB)

This multidisciplinary centre studies linguistics, speech production and perception, language acquisition and disorders, memory, brain imaging, and bilingual education.

### UC CEISMIC Canterbury Earthquake Digital Archive

Following the earthquakes of 2010/11, the UC CEISMIC Digital Archive has been collecting and preserving the memories and experiences of the people of the Waitaha Canterbury region.

### National Centre for Research on Europe

New Zealand’s only interdisciplinary research body devoted to examining the impact of the European Union in our region.

Current research themes include politics and security, economic and trade relations, culture and migration, climate change, and energy.

### Other centres

Other centres include:

- Confucius Institute
- Hei Puāwaitanga: Sustainability, Citizenship and Civic Imagination Research Group
- Macmillan Brown Centre for Pacific Studies
- New Zealand South Asia Centre
- Kā Waimaero | Ngāi Tahu Centre.

### Career opportunities

The ability to think independently, analyse, research, problem solve, innovate, and communicate are vital skills taught as part of an Arts degree.

Graduates receive a respected, internationally recognised qualification that lays the foundation for a successful career, be it in media, government, international relations, culture, heritage, archives, public policy, research, communications, conservation, education, community, publishing, design, business, marketing, or academia.

\* July start subject to course availability.

# Umanga | Business

At Te Kura Umanga | UC Business School, our innovative, research-led qualifications prepare you for a successful career.

Our taught master's programmes will equip you with the skills you need to move into high-level business roles. Coursework degrees in a range of subjects like applied economics and finance, marketing, professional accounting provide an intensive learning experience covering essential operational functions of any organisation. Additionally, we also have research master's that prepare you for further postgraduate study.

## Leading change

Our world-class education encourages you to engage in projects that are impactful and affect organisational change. The School has produced graduates who became business leaders and entrepreneurs.

You'll find our graduates working in organisations that contribute to the economy and wellbeing of their communities.

## Accredited programmes

Our programmes are internationally accredited by the Association to Advance Collegiate Schools of Business (AACSB) and the EFMD Quality Improvement System (EQUIS). The MBA programme is also accredited by the Association of MBAs (AMBA). This places Te Kura Umanga | UC Business School in the top 1% of Business Schools worldwide holding all three accreditations collectively known as the 'Triple-Crown'.

## Industry and partnerships

Through our industry connections, we organise guest lectures and presentations by business leaders, innovators, and entrepreneurs.

Taught master's programmes can include a project or internship with a business or nonprofit organisation. The School hosts up to 15 scholars annually from top international universities through UC's Erskine programme.

## Innovation and entrepreneurship

In today's business environment, innovation and entrepreneurship are key drivers for organisational growth and sustainability. Postgraduate study encourages you to analyse current viewpoints while considering future business applications in new and progressive ways.

You can gain practical business experience with Te Pokapū Rakahinonga | UC Centre for Entrepreneurship (UCE). UCE supports young entrepreneurs by hosting student-run societies such as entré and 180 Degrees Consulting. You can network and learn valuable skills, and develop sustainable solutions for charities and nonprofits under the guidance of industry mentors.

The UC Incubator and Summer Start-up programmes can help you start your own business venture with support, resources, and business bootcamps.

## Research master's

Our academics conduct research with global application. This research informs what they go on to teach. Our academics are highly respected in their fields, attracting research students from around the world. Current research includes:

- major public policy issues, such as social and environmental accounting and reporting
- sustainable business development
- sustainable and resilient tourism
- tax compliance
- financial risk management.

Postgraduate research students complete coursework and a thesis or dissertation that involves literature reviews, data collection and analysis, and expanding the current knowledge in your chosen area.

Our postgraduate students benefit from good supervision ratios, a focus on quality research, smaller classes and closer links with staff.

## Featured research

Tourism research is a distinct area of expertise. It is informed by collaborative projects with local, national, and international government bodies and nonprofit organisations such as ChristchurchNZ, the local economic development agency for Waitaha Canterbury. At the national level, we are involved in projects with Tourism Industry Aotearoa (TIA), the only independent association that represents all sectors of New Zealand's tourism industry. For example, UC researchers and students were involved in mapping tourism data sources within Aotearoa on behalf of TIA. Tourism

researchers were also involved in workshops run by the Ministry of Business, Innovation and Employment (MBIE) on the tourism data domain for Aotearoa.

## Practical degrees

Te Kura Umanga | UC Business School has a range of qualifications to prepare you for the dynamic business sector – whether that's upskilling, starting your own business, or learning something entirely new.

## Professional master's

The Master of Professional Accounting (MPA) and Master of Applied Economics and Finance (MAFE) are our professional master's preparing you for examinations and membership of professional bodies.

The MAFE is a taught master's qualification that offers a pathway into high-level professional roles for graduates with background knowledge in microeconomics, business finance, and introductory calculus and statistics. The qualification is aligned with requirements for the CFA Institute examination.

You can move to an accounting career from a different field with our MPA, a conversion and professional degree. The MPA prepares you for membership of chartered and certified accountancy bodies such as CA ANZ, CPA Australia, and ACCA.

## Master of Business Administration (MBA)

The UC MBA programme is ideal for experienced professionals who want to accelerate their careers, change industries,

or upskill in their current roles to achieve impact in an environment of disruption.

Through courses on innovation, digital transformation, data-informed strategy, and responsible societal engagement, you will be equipped to tackle the challenges of a rapidly changing world and become a well-rounded leader.

While MBA students are typically middle to senior-level professionals from organisations of any size or sector, business start-ups and entrepreneurs looking to scale their ventures will also benefit from the programme as we have close ties with the UC Centre for Entrepreneurship (UCE).

We also have a large cohort of candidates from professional careers (eg, pilots, engineers, medical professionals) who enter our MBA through the Postgraduate Diploma in Business Administration pathway if they do not have undergraduate degree.

## Scholarship

The Ben Gough Family Foundation Leaders Scholarship supports rising talent to undertake their MBA.

## Career opportunities

Te Kura Umanga | UC Business graduates are prepared for professional roles in every kind of organisation where people need to be innovative, solve challenging problems, and make a difference.

\*\* International students.

\*\*\* Subject to CUAP and TEC approval.

# Ako | Education

UC's Te Kaupeka Ako Faculty of Education, builds on a 135-year tradition and is ranked among the world's top 250 universities for Education.\*

## Professional development and specialisation

Many teachers and educational specialists can focus in an area of teaching they are passionate about, or strengthen their practice, or further develop their range of skills like inclusive education, literacy, e-learning, languages, or leadership.

Others who work with young people and lead community organisations can expand their expertise to better understand local and global issues and create meaningful change.

## Study options

Students seeking to become registered teachers and who have already completed a recognised degree can apply for a graduate diploma (early childhood, primary, or secondary), postgraduate diploma, or master's degree (primary or secondary teacher education).

## Supportive study environment

You will learn in an encouraging and collegial environment on campus or by distance, full or part-time. Teaching staff are specialists who have close links with local schools and their teaching draws on practical experience and the latest research.

## Research

Our research advances educational knowledge and evaluates education practice, resulting in opportunities for our students to carry out topical research.

The Faculty has links with international institutions, so you can enhance your professional development through customised courses for teachers and teacher educators, educational tours and consultancies, and staff and student exchanges.

Key research areas/groups include:

- Learning Environments
- Pedagogies of Possibility
- Digital Education Futures Lab
- Language and Literacy Research Lab
- Māori Research Lab
- UC Community Engagement Hub
- UC Child Wellbeing Research Institute.

## Career opportunities

### Education

Teaching is a creative, stimulating, and rewarding career where you can influence and shape lives. Teaching also leads to careers beyond the classroom, like in public sector, youth work, and business and industry training.

## Youth and Community Leadership

Postgraduate study in youth and community leadership enables you to develop your leadership identity, and address issues faced by youth and community organisations in local and global contexts. Varied career opportunities can open up including work in education, government, commerce, social service agencies, community, and voluntary organisations.

Bachelor's degree with study from levels 5 to 7 (ie, 100 to 300-level papers in a subject relevant to the school curriculum) and with at least a B average.		

### Medal-winning UC lecturer weaves love of sport and community into teaching

**Dr Phil Borell** (Ngāti Ranginui, Ngāti Tūwharetoa), Senior Lecturer in the School of Māori and Indigenous Studies, is passionate about making teaching interactive and inclusive. His research areas include Indigenous masculinity and identity, the politics of sport, and sport and education — all the things he loves and gets to teach about.

“The way that I teach is always student focused. Realising how influential you can be on a student’s time at university motivated me to constantly reevaluate what I’m doing in my teaching, how can I be better, how can we improve the student experience?”

He started studying at UC in 2002 and began teaching here in 2008.

He graduated with a master’s degree in 2013 and completed his PhD in 2022.

Postgraduate Certificate in Teaching English to Speakers of Other Languages PGCertTESOL	Ideal fast-track qualification for those who may have come to the career of English language education through an indirect route and wish to undertake professional development or for graduates interested in entering the TESOL profession.	Appropriate bachelor's degree with a B average or better.	July or Nov	Part-time: 12–18 months
Master of Teaching English to Speakers of Other Languages MTESOL	Ideal fast-track qualification for those who may have come to the career of English language education through an indirect route and wish to undertake professional development or for graduates interested in entering the TESOL profession.	Appropriate bachelor's degree (a B grade in 300-level courses is normally expected). Relevant work experience will also be considered.	Feb, July, or Nov	Full-time: 1 year Part-time: up to 4 years

## Youth and Community Leadership programmes

Qualification	Description	Requires	Start date	Duration
Postgraduate Certificate in Youth and Community Leadership PGCertYCL	The certificate will appeal to people interested or already engaged in community work as leaders.	Bachelor's degree with B average.	Feb	Full-time: 1 semester Part-time: 1 year
Postgraduate Diploma in Youth and Community Leadership PGDipYCL	The diploma will examine leadership theories in order for students to justify their own approaches to leadership practice. It includes features of Māori and Pacific leadership, leadership as partnering, and youth and community leadership in a global context.	Bachelor's degree with B average.	Feb	Full-time: 1 year Part-time: up to 4 years

# Pūhanga | Engineering

Te Kaupeka Pūhanga Faculty of Engineering provides internationally recognised qualifications, professional development, and is in the global top 100 for Civil Engineering.\*

Founded in 1887 as the first School of Engineering in Aotearoa, UC's Te Kaupeka Pūhanga | Faculty of Engineering is internationally recognised for its teaching and research excellence.

The Faculty offers both coursework and research-based qualifications, including postgraduate certificate's, master's, and doctoral degrees. Many qualifications are flexible and are ideal for the working professional interested in upskilling, including those who live outside of Ōtautahi Christchurch.

## Postgraduate resources

UC Engineering features well-equipped workshops, laboratories, and computer facilities, and a specialist Te Puna Pūkaha me te Pūtaiao | Engineering and Physical Sciences Library (EPS).

University and industry scholarships are also available for postgraduate students.

## Academic and industry expertise

You'll benefit from the Faculty's close interaction with industry, helping attract financial support for research as well as opportunities to establish professional networks.

A number of research centres are housed in Te Kaupeka Pūhanga | Faculty of Engineering and there are strong relationships with other research centres in Aotearoa.

Research projects can involve national research institutes and organisations in industry.

The Faculty regularly hosts visiting academics from top international universities as part of the University's Erskine programme, allowing our students and staff to interact with world leaders in their respective fields.

## Research

Te Kaupeka Pūhanga | Faculty of Engineering's overarching aim is to contribute to the community in all areas of our research, from safe buildings to medical technology, and provide graduates who will help fulfil this mission.

Creativity and innovation are encouraged and research collaborations are often interdisciplinary, with projects spanning across departments and research centres. Strong links with related disciplines including Forestry, Computer Science, Mathematics, Statistics, Product Design, Physics, Astronomy, Chemistry, and Geology enable highly specialised research at postgraduate level.

Research centres include the Electric Power Engineering Centre (EPECentre), Tangata Hangarau, Hangarau Tangata | Human Interface Technology Laboratory (HIT Lab NZ), Wireless Research Centre (WRC), Spatial Engineering Research Centre (SERC), and the UC Quake Centre.

\* QS World University Rankings by Subject, 2024.

## Examples of research areas

### Chemical and Process Engineering

Energy and fuels, battery technology, catalysis, biochemical processes, food process engineering, electrochemical engineering, industrial measurement technology, computational techniques, and wood technology.

### Civil and Natural Resources Engineering

Structural, geotechnical, transportation, environmental, water and fluids, hydrological and ecological, renewable energy, humanitarian engineering, architectural engineering, fire, and earthquake engineering.

### Electrical and Computer Engineering

Acoustics, communications, computational imaging, nanotechnology, networking, electronics, and power systems.

### Forest Engineering

Operational efficiency, forestry engineering, equipment development and testing, worker safety, road and stream crossing design, and environmental standards.

### Human Interface Technology

Virtual reality, augmented reality, applied game design, and human-robot interaction.

### Mechanical Engineering

Acoustics, aerospace, automation, automotive, autonomous systems, biomedical, computational mechanics, computer-aided design, design and ergonomics, energy systems, Industry 4.0, manufacturing, microtechnology, robotics, structural analysis, and thermofluid mechanics.

### Software Engineering

Cyber security, machine learning, computer vision, artificial intelligence, computer graphics, networking, autonomous robots/drones, intelligent tutoring and health systems, software quality, spacial data science, and computer science education.

## Professional development courses

Professional engineers are required to be highly skilled, up-to-date, and technically competent in their chosen field. Our professional development courses will help working engineers understand and apply new technologies, stay ahead of industry trends, and advance their career.

### Teaching staff

Our lecturers are a mix of academics and industry experts, giving our students the best of both research knowledge and professional experience.

### Delivery format

These courses are run in block-mode or flexible format, enabling participants to enrol in individual courses that fit around work commitments. They are also ideal for those living outside of Ōtautahi Christchurch.

Block courses are generally run over a 3-day period of lectures during a week, with a 6-week break in between for independent study and readings, followed by another 3-day period of lectures.

### What do I get at the end of it?

As part of a Certificate of Proficiency, several of these block courses can be taken as a one-off course without committing to a qualification. Alternatively, courses may be credited to the Postgraduate Certificate in Engineering, Postgraduate Certificate in Civil Engineering, Master of Engineering Studies, Master of Civil Engineering, or Master of Architectural Engineering.

### Eligibility

To be eligible for these courses, you should hold a 4-year Bachelor of Engineering with Honours degree, or another relevant degree, or suitable work experience. Some courses will have required prerequisites. It is best to discuss your background with the Postgraduate Director of Studies before enrolment.

## Career opportunities

Over the past decade, there has been an increase in the number of top industrial positions filled by engineers with postgraduate qualifications.

These qualifications are now viewed as more than a way of specialising for a future in research or academia, and allow you to gain skills which will open new, high-level career options.

Postgraduate degrees in Engineering prepare students for careers in business leadership positions, where extended analytical skills are increasingly valued.

## Postgraduate certificate's

Qualification	Description	Requires	Start date	Duration
Architectural Engineering PGCertArchEng	Provides building design professionals with practice-focused education. The Certificate uses a holistic approach to integrated collaborative building design, promoting sustainability and affordability of buildings.	BE(Hons) or an appropriate 4-year bachelor's degree in a subject related to building design.	Feb or July	Full-time: 6 months Part-time: up to 2 years
Civil Engineering PGCertCivilEng	Offers a flexible programme in advanced knowledge of civil infrastructure and industry. It offers a pathway into the Civil Engineering.	BE(Hons), or BSc(Hons) in appropriate subjects.	Feb or July	Full-time: 6 months Part-time: up to 2 years
Cyber Security PGCertCySec	Advance your career and become a cyber security expert through flexible study. Learn how to effectively test for and mitigate cyber threats. Offered through <b>Tuihono UC   UC Online</b> .	Bachelors degree in appropriate subjects.	Feb or July	Full-time: 6 months Part-time: up to 1 year
Engineering PGCertEng	For professional engineers seeking advanced technical training or students looking for a one-semester advanced qualification. May be awarded unendorsed, or endorsed in Fire Engineering or Mechanical Engineering. You may be able to transfer to a master's degree.	BE, BE(Hons), or BSc(Hons) in appropriate subjects.	Feb or July	Full-time: 6 months Part-time: up to 4 years
Project Management** PGCertPMgt	Offered through <b>Tuihono UC   UC Online</b> . Enhance your expertise in managing complex projects across various sectors.	Bachelor degree, Graduate Diploma in Project Management, or equivalent; and 3 years relevant work experience		Full-time: 1 year Part-time: up to 2 years

## Postgraduate diploma's

Qualification	Description	Requires	Start date	Duration
Engineering Management PGDipEM	Designed as a pathway qualification into the Engineering Management. There is a strong focus on project management, stakeholder engagement, and sustainability. You will have small group classes, flexibility, and be able to build close connections with industry.	BEngTech, BE(Hons), BSc(Hons) in appropriate subjects with a GPA of at least 3 in 300-level and higher courses.	Feb	Full-time: 10–17 months
Project Management* PGDipPMgt	Offered through <b>Tuihono UC   UC Online</b> . Enhance your expertise in managing complex projects across various sectors.	Bachelor degree, Graduate Diploma in Project Management, or equivalent, and 3 years relevant work experience		Full-time: 1 year Part-time: up to 2 years

## Master's

Qualification	Description	Requires	Start date	Duration
Aerospace Engineering MAerospaceEng	Gain specialised knowledge and skills in Aerospace Engineering, combining a thesis and coursework. You will learn about established and emerging aerospace technologies and processes, and be introduced to the impact of the aerospace industry worldwide, including contemporary practice in professional ethics, legal, environmental, and safety guidelines.	BE(Hons) with first or second-class honours, BSc(Hons), BSc in appropriate subjects with GPA of at least 5.	Feb or July	Full-time: 18 months Part-time: 3 years
Applied Data Science MADS	Learn how to identify and describe data trends using statistics and specialised software to help achieve success and enhance productivity. Includes a research project. Also offered through <b>Tuihono UC   UC Online</b> .	A university undergraduate degree, B average in relevant 300-level courses.	Feb or July	Full-time: 1 year (or 20 months for students without a Data Science background) Part-time: up to 3 years

\*\* Subject to CUAP and TEC approval.

## Master's

Qualification	Description	Requires	Start date	Duration
Architectural Engineering MArchEng	A practice-focused taught Master's degree for gaining professional, collaborative building design skills, and advanced training in selected technical areas of building design. The degree can be endorsed in: <ul style="list-style-type: none"> <li>• Building Services and Energy Engineering</li> <li>• Integrated Building Design</li> <li>• Structural Engineering.</li> </ul>	An appropriate 4-year bachelor's degree with first or second-class honours in a subject related to building design, or a Postgraduate Certificate in Architectural Engineering with a B average. One year of professional practice experience is strongly recommended.	Feb or Aug***	Full-time: 1 year Part-time: up to 4 years
Artificial Intelligence MAI	Learn and use advanced Artificial Intelligence (AI) theories, software, and tools. You will get to make real-world applications through project work in an area of AI.	A bachelor's degree in a relevant subject with a B average in 300-level Computer Science courses, or recognised professional experience.	Feb or July	Full-time: 1–1.5 years Part-time: 3 years
Civil Engineering MCivilEng	This taught Master's enhances your knowledge and skills, improving your career prospects. The MCivilEng can be awarded unendorsed, or endorsed in: <ul style="list-style-type: none"> <li>• Construction Management</li> <li>• Earthquake Engineering</li> <li>• Geotechnical Engineering</li> <li>• Structural Engineering</li> <li>• Structural Fire Engineering</li> <li>• Transportation Engineering</li> <li>• Water Engineering.</li> </ul> The MCivilEng also includes an Indigenous Consultation and Engagement workshop.	BE(Hons) with first or second-class honours, or BSc(Hons) with first or second-class honours in appropriate subjects, or a PGCertCivilEng with good grades.	Feb or July	Full-time: 1 year Part-time: 4 years
Engineering ME	An endorsed degree that aims to provide a learning environment where you can develop your problem-solving skills through supervised research. The ME has thesis-only endorsements in: <ul style="list-style-type: none"> <li>• Bioengineering</li> <li>• Chemical and Process Engineering</li> <li>• Electrical and Electronic Engineering</li> <li>• Mechanical Engineering</li> <li>• Software Engineering</li> <li>• and Transportation Engineering.</li> </ul> The ME also has endorsements that require coursework and research in: <ul style="list-style-type: none"> <li>• Civil Engineering</li> <li>• Construction Management</li> <li>• Earthquake Engineering.</li> </ul>	BE(Hons) with first or second-class honours, or BSc(Hons) with first or second-class honours in appropriate subjects; or a PGCertEng with a GPA of 5 or more. Application is required by <b>10 January</b> (for February intake) and <b>15 June</b> (for July intake).	Varies	Full-time: 1–3 years
Engineering in Fire Engineering**** MEFE	Fire engineers specialise in the application of science and engineering principles to protect people and their environment from destructive fire. In the first half of the degree, you will take block courses in areas such as fire dynamics and fire safety and systems. Online learning software is used for flexible study. The second half of the degree requires a thesis.	BE(Hons), or BSc(Hons) in appropriate subjects, with first or second-class honours, or a PGCertEng with a GPA of 5 or more. It is recommended that international students apply by <b>June</b> .	Feb	Full-time: 16–36 months
Engineering Management MEM	Gain the specialised management knowledge you need for your engineering career. Learn how to integrate engineering and business knowledge for success in leadership roles across the engineering sector. Offered through <b>Tuihono UC   UC Online</b> .	Bachelor of Engineering or Science with Honours degree with GPA 4 average or equivalent degree with relevant experience in field.	Feb, April, July or Sept	Full-time: 12–19 months Part-time: 3 years
Engineering Studies MEngSt	This taught master's degree is for professional engineers seeking advanced technical training. The degree may be awarded unendorsed or endorsed in Mechanical Engineering or Renewable Energy.	BE(Hons) or BSc(Hons) with first or second class honours in appropriate subjects; or a PGCertEng with a GPA of 5 or more.	Feb or July	Full-time: 1 year Part-time: 5 years

\*\*\* August only start for Structural Engineering, to be confirmed for Building Services and Energy Engineering.

\*\*\*\*Those who do not have an appropriate background in fire engineering may be required to take ENGR403 Introduction to Fire Engineering in January prior to being approved into the programme.

## Master's

Qualification	Description	Requires	Start date	Duration
Fire Engineering Studies* MFireEngSt	This taught master's degree is for professional engineers seeking advanced technical training in Fire Engineering.	BE(Hons) or BSc(Hons) with first or second-class honours, or PGCertEng with a GPA of 5 or more.	Feb or July	Full-time: 1 year Part-time: 5 years
Human Interface Technology MHIT	Human Interface Technology aims to improve interactive technology to meet users' needs. You will learn interface design principles, how to evaluate hardware and software, and research and development skills. This degree prepares you for a career with wide application to areas such as health, education, entertainment, and business.	Bachelor's degree with honours in an appropriate field.	Feb	Full-time: 1 year
Project Management MPM****	Offered through <b>Tuihono UC   UC Online</b> . Our flexible online master's degree will build on your existing skills to make you a confident project leader, ready to manage complex projects using advanced research methodologies, strategic management principles, and systems thinking.	Bachelor's degree with a B average or higher in your 300-level courses; and at least 3 years' professional experience	Feb or July	Part-time: 3 years
Professional Master of Computer Science PMCS	Designed to provide advanced subject knowledge in computer science, this applied degree enables upskilling in the theory and application of advanced computer science.	A BSc degree in Computer Science or equivalent, with a B average in 300-level courses or relevant professional work experience.	Feb	Full-time: 1 year

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more information, see <b>page 9</b> .	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second-class division 1 honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 4-5-6 years
Doctor of Philosophy in Renewable Energy Engineering	The PhD in Renewable Energy Engineering is designed for visionary leaders and researchers who are driven to shape the future of global energy systems. This program offers cutting-edge research opportunities, access to state-of-the-art facilities, and interdisciplinary collaboration with world-renowned experts.			

\*\*\*\* Subject to CUAP and TEC approval.

**“This programme is so independent and allows me to focus on my research area of interest. I also love how collaborative the environment is. I love the structure of the programme; it is unlike anything that other universities offer.”**

**Aishvarya**  
Master of Human Interface Technology

# Kōwaiwai | Fine Arts

UC's Te Kura Kōwaiwai | Ilam School of Fine Arts has been producing high-quality graduates since 1882. Many have contributed to cultural life and achieved acclaim in Aotearoa and globally.

Te Kura Kōwaiwai | School of Fine Arts' staff are highly qualified and experienced artists, graphic designers, curators, filmmakers, art historians, and art theorists.

The School offers opportunities to gain valuable exhibition experience through an ongoing professional relationship with Te Puna o Waiwhetū | Christchurch Art Gallery.

## Colourful experiences await

The extensive exhibition programme is closely linked to the artist-in-residence and teaching programmes. Visiting international artists share their expertise with postgraduate students. Similarly, international student exchange agreements provide opportunities to attend prominent international art schools including Nova Scotia College of Art and Design.

## On-campus facilities

The School provides you with studio space, well-equipped workshops, digital labs, darkrooms, and film and video facilities. In addition, there is an on-site gallery, and a visual arts and art history section in UC's Puaka-James Hight Library. This features a slide collection of 100,000 images and one of the country's top fine arts collections.

## A reputation for innovation

We have a reputation for innovation and excellence, with many of our graduates becoming leading artists and museum professionals in Aotearoa.

## Career opportunities

Alongside the creative and practical skills learned, Fine Arts graduates develop excellent skills in organisation and time management. These skills prepare graduates for a wide range of employment opportunities.

Recent graduates have been employed as artists, art gallery directors, photojournalists, commercial photographers, film directors, designers, consultants, art conservators, illustrators, fashion designers, art critics, art historians, graphic designers, lecturers, and art teachers.

## Programmes

Qualification	Description	Requires	Start date	Duration
Postgraduate Diploma in Art Curatorship PGDipArtCuratorship	This Diploma consists of coursework, a special project in staging an exhibition, and a gallery internship.	BA, BFA, or degree with relevant professional experience.	Feb or July*	Full-time: 1 year Part-time: 2 years
Postgraduate Diploma in Fine Arts PGDipFineArts	The PGDipFineArts programme comprises advanced technical studio work, and written research in either: <ul style="list-style-type: none"> <li>• Film</li> <li>• Graphic Design</li> <li>• Painting</li> <li>• Photography</li> <li>• Sculpture.</li> </ul>	BFA with a B average; or a degree or a three year diploma in fine arts, and professional experience.	February	Full-time: 1 year Part-time: 2 years
Master of Fine Arts MFA	The MFA programme comprises a submission of work in <ul style="list-style-type: none"> <li>• Film</li> <li>• Graphic Design</li> <li>• Painting</li> <li>• Photography</li> <li>• or Sculpture.</li> </ul>	BFA(Hons) or equivalent with good grades, or significant professional practice or teaching experience. A special application for admission must be made by <b>1 November</b> .	February	Full-time: 1 year Part-time: 2 years
Doctor of Philosophy in Creative Practice PhD	Involves original creative work as well as a written thesis involving critical reflection and/or theoretical analysis of your research question.	Bachelor's degree with first or second-class division 1 honours, or master's degree with distinction, merit, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 4.5-6 years

**“My study taught me, among other things, ways of seeing, to think critically, and to be open-minded. Being able to apply these things in my everyday life is rewarding and makes it all worthwhile.”**

**Mikaela**  
Master of Fine Arts in Sculpture

# Ngahere | Forestry

Te Kura Ngahere | School of Forestry at UC is internationally renowned for research and postgraduate education over a range of subjects.

UC is the only university in the country offering internationally recognised professional postgraduate Forestry programmes.

Our areas of expertise include forest management, biodiversity, pest management, GIS and remote sensing, silviculture, forest economics, marketing, harvesting and transportation, forest ecology and conservation, wood science and wood quality, forest genetics and breeding, and forest soils.

## Field work and stations

Our excellent laboratory and field facilities support postgraduate research. Students have many opportunities to work in the field, visit forestry organisations throughout the country, and participate in field trips to Kawatiri Westport, field stations near Arthur's Pass, in the Whakatū Nelson region, as well as the Waitaha Canterbury area.

## Close connections

International experts visit regularly to share their knowledge through the Erskine

Fellowship programme and an industry visitors programme.

The School's close relationship with other departments, including Te Kura Pūtaiao Koiora | School of Biological Sciences, Te Kaupeka Pūhanga | Faculty of Engineering, and Te Kura Umanga | UC Business School, allows postgraduate students to benefit from a broad range of academic and technical expertise.

A number of postgraduate scholarships, funded by UC, the government, and organisations and donations, are available.

Te Kura Ngahere | School of Forestry provides a range of services to the industry including research, consultancy, professional development (CPD), and continuing education.

[www.forestry.ac.nz](http://www.forestry.ac.nz)

## Research

The School's academic staff are actively engaged in research on forest management, forest valuation, forest modelling, tree breeding and quantitative genetics, forest economics, silviculture, GIS and remote sensing, urban forestry, wood quality,

entomology, biodiversity, forest ecology and conservation, forest harvesting, forest engineering, and bioenergy.

Forestry research at UC is divided into four major clusters:

- sustainable land management
- forest engineering
- managing forest variability
- forestry as a business.

## The Wood Technology Research Centre

The Wood Technology Research Centre facilitates information exchange among staff and students engaged in wood-related research. Participants are from the Departments of Chemical and Process Engineering, Forestry, Civil and Natural Resources Engineering, Electrical and Computer Engineering, Mechanical Engineering, Chemistry, and Biological Sciences.

## Programmes

Qualification	Description	Requires	Start date	Duration
Postgraduate Diploma in Forestry PGDipFor	For those wanting to enhance their undergraduate studies, you will complete 120 points from the Master of Forestry Science, normally including a forest management or a silviculture course.	BForSc or equivalent, or other relevant 3-year bachelor's or higher degree and relevant experience in a forestry-related area.	Feb or July	Full-time: 1 year Part-time: 2 years
Master of Forestry Science MForSc	This degree will give you a head start into forest management, governance, or research at an advanced level. The degree may be taken by examination and report; by examination and thesis; or by thesis alone. You can complete a professional master's degree with coursework and a report in 2 years. You can choose from a wide variety of courses, ranging from silviculture to advanced IT applications in forestry.	Four-year BForSc, or other bachelor's degree with appropriate subjects, or a PGDipFor.	Feb or July; anytime start for thesis-only students	Full-time: 1-3 years
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <b>page 9</b> .	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second class honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 4.5-6 years

## Support network

Forestry postgraduates come from many countries, creating a strong connection among themselves and with the School of Forestry staff. There are regular seminars, potluck lunches, recognition of significant life events, and monthly get-togethers with supervisory staff at the University of Canterbury Club. This creates lifelong networks and friendships for our graduates.

## Career opportunities

With forestry being one of Aotearoa New Zealand's biggest exports and a major industry worldwide, UC Forestry graduates are in high demand. Forestry offers rewarding careers in areas such as tree breeding, road engineering, timber harvesting/processing, marketing, planning, policy, biosecurity, biodiversity, conservation, plantation, and sustainable land management.

You will develop a valuable set of transferable skills, including problem-solving, decision-making, project management, teamwork, economic and commercial awareness, and computing skills and geospatial techniques.

Te Kura Ngahere | School of Forestry  
T: +64 3 369 5881

**“Studying at the world-leading New Zealand School of Forestry at UC, plus the outdoor activities Christchurch presents, it was a very straightforward decision to choose UC as my destination.”**

**Vikash**  
PhD in Forestry Science

# Oranga | Health

Te Kaupeka Oranga Faculty of Health offers an interdisciplinary postgraduate education with a range of clinical and non-clinical programmes.

Te Kaupeka Oranga | Faculty of Health fosters collaboration within the University, with other tertiary institutions, and within the health sector.

The Faculty's programmes and research activities respond to the dynamic nature of the health sector and its workforce. We have qualifications for all levels of interest in the health sector – whether you work in a clinical or non-clinical capacity, want to develop your professional practice, or are interested in joining the workforce.

## Research

The faculty has a wide range of research interests including population health; health informatics; Māori and Pacific health; the concept of identity among Māori adoptees; the critical developmental period of early childhood; health management; community mental health; palliative care; health and wellbeing of neurodiverse children; teenage pregnancy and parenthood; school-based Health Education; and access and delivery of care in the community.

Research students share facilities with academics and researchers, fostering collaboration.

## Career opportunities

The health sector is one of the biggest employers in Aotearoa with a wide range of clinical opportunities. There are also includes many non-clinical roles, which make up about one-third of the total health workforce.

There are health-related career opportunities in local and central government, the voluntary sector, social services, industry, and research.

In an increasingly diverse and ageing society, career opportunities will continue to expand. A health sciences specialisation can lead to work in such areas as health promotion, health and community, behaviour change, health policy, administration, information management, health technology assessment, and research.

## Graduate certificate's

Qualification	Description	Requires	Start date	Duration
Graduate Certificate in Health* GradCertHlth	Deepen your knowledge of health and wellness, enhance your academic skills within a health context, and prepare you for postgraduate study and research.	A bachelor's degree, or 5 years of relevant work experience.		Part-time: up to 2 years
Graduate Certificate in Sport Coaching GradCertSpC	Develop your professional coaching skills, whether you're a practicing coach or wanting to become one.	A bachelor's degree, or ability to satisfy the Dean of relevant post-secondary study and work experience.	Jan, Feb, or July	Full-time: 6 months Part-time: up to 3 years

## Postgraduate certificate's

Qualification	Description	Requires	Start date	Duration
Clinical Exercise Physiology PGCertCEP	Gain the skills to improve patient outcomes. Learn to help individuals with chronic health issues such as cancer, cardiovascular disease, mental health conditions, intellectual and physical disabilities, and workplace injuries. Offered through <b>Tuihono UC   UC Online</b> .	Degree, with a B average or better in 300-level courses, in a relevant subject; or an appropriate 3-year health qualification; or completed a qualifying course	Feb or July	Part-time: up to 2 years
Counselling Studies PGCertCounSt	Develop your counselling knowledge and skills to work more effectively with clients, students, or colleagues. Also offered through <b>Tuihono UC   UC Online</b> .	Bachelor's degree with a B average or higher in 300-level courses.	Feb or July	Part-time: 1 year
Health Sciences PGCertHealSc	Allows anyone interested in the health sector a chance to examine a range of issues in health sciences, and where relevant, to improve their professional practice.	Relevant bachelor's degree, or appropriate health professional qualification.	Feb or July	Full-time: 6 months Part-time: up to 2 years
Palliative Care PGCertPC	You will gain the knowledge needed to provide a holistic approach to the assessment, planning, implementation, and evaluation of the needs of patients and whānau living with a life-limiting condition.	Relevant bachelor's degree or appropriate health professional qualification, as well as relevant professional experience, and access to a relevant clinical placement.	Feb or July	Part-time: Normally completed over 2 years
Sport Science PGCertSS	An ideal qualification for those wanting professional development in sport science knowledge and industry expertise.	Relevant bachelor's degree in sport and/or science with a B average or better.	Feb or July	Full-time: 6 months

\* Subject to CUAP and TEC approval.

## Postgraduate diploma's

Qualification	Description	Requires	Start date	Duration
Clinical Exercise Physiology PGDipCEP*	Gain the knowledge and skills to improve and strengthen patient outcomes. Learn to help individuals with chronic health issues such as cancer, cardiovascular disease, mental health conditions, intellectual and physical disabilities, and workplace injuries. Offered through <b>Tuihono UC   UC Online</b> .	Relevant bachelor's degree in health or sport science with a B average or better.	Feb or July	Part-time: up to 2 years
Child and Family Psychology PGDipChFamPsyc	A professional qualification designed for those who wish to become registered child and family psychologists with the New Zealand Psychologists' Board. Entry is limited to 15 places — applications close on <b>1 October</b> .	Bachelor's degree in Psychology or equivalent; and be enrolled in or completed an approved master's or PhD.	Feb	Full-time: 3 years Part-time: up to 4 years
Health Sciences PGDipHealSc	Aimed at people who are currently employed or seeking employment in a health-related field, social services, or local or central government. You will complete a programme of advanced, specialised study and receive your qualification either unendorsed or endorsed in: <ul style="list-style-type: none"> <li>• Environment and Health</li> <li>• Health and Community</li> <li>• Health Behaviour Change</li> <li>• Health Information Management</li> <li>• Health Leadership and Management</li> <li>• Palliative Care</li> <li>• Taha Hinengaro — Health and Wellbeing Practice</li> </ul>	Relevant bachelor's degree, or appropriate health professional qualification with a B average or better.	Feb or July	Full-time: 1 year Part-time: up to 4 years
Nursing (Registered Nurse Prescriber) PGDipNurs	Take the next step in your nursing career and become a registered nurse prescriber. Enhance the wellbeing of individuals, whānau, and communities. Offered by <b>Tuihono   UC Online</b> .	A current Aotearoa New Zealand registered nurse with at least 3 years of clinical experience; and qualifying course completions, or equivalent.	Feb or July	Full-time: 1 year Part-time: 2 years
Postgraduate Diploma of Public Health* PGDipPH	Get the public health skills you need to work in a multi-cultural workplace. You will apply your knowledge to analyse data and use evidence-based interventions to improve health outcomes.			Full-time: 1 year Part-time: up to 4 years
Sport Science PGDipSS	Develop expertise in the sporting industry and upskill on sporting knowledge for further career opportunities.	Relevant bachelor's degree in sport and/or science with a B average or better.	Feb or July	Full-time: 1 year

## Master's

Qualification	Description	Requires	Start date	Duration
Advanced Nursing (Nurse Practitioner) MAdvNurs	An online programme offered by <b>Tuihono   UC Online</b> . Lead healthcare for individuals and communities as a mātanga tapuhi   nurse practitioner. Gain the credentials you need to take your career to the next level through our flexible master's degree in advanced nursing.	Must have previous studies in a relevant nursing degree, and practical experience as an Aotearoa New Zealand registered nurse.	Feb or July	Full-time: 2 years Part-time: 4 years
Arts (Thesis) MA(Thesis)	The Master of Arts (Thesis) degree consists of a 120-point thesis in Child and Family Psychology	Child and Family Psychology has special entry criteria — contact the School of Health Sciences.	Start of any month	Full-time: 1-2 years Part-time: up to 4 years
Science MSc	Our Child and Family Psychology programme is unique in Aotearoa New Zealand. It's taught by academic and clinical staff from our School of Health Sciences with other teaching staff.		Feb	Full-time: 2 years Part II (thesis only): Full-time: 1-2 years

## Master's

Qualification	Description	Requires	Start date	Duration
Counselling MCouns	The only master's counselling degree in Te Waipounamu South Island uses a solution-focused model of counselling. You will learn to identify and use systematic, effective ways to help clients. Entry is limited to 15 places – applications close <b>1 October</b> . Please ensure you apply several weeks before this date to allow time for processing your application.	Relevant bachelor's degree with a B average or better and with relevant professional experience or suitability to be a counsellor.	Feb	Full-time: 2–4 years Part-time: up to 6 years
Health Sciences MHealSc	In this degree, you may either follow a general programme, or focus on a specialisation and receive your qualification endorsed in: <ul style="list-style-type: none"> <li>• Environment and Health</li> <li>• Health and Community</li> <li>• Health Behaviour Change</li> <li>• Health Information Management</li> <li>• Health Leadership and Management</li> <li>• Palliative Care</li> </ul> Involves a research component	Relevant bachelor's degree or appropriate health professional qualification with B average.	Feb or July	Full-time: Not less than 2 years Part-time: up to 4 years
Health Sciences Professional Practice MHealScProfPr	In this degree, you may either follow a general programme, or focus on a specialisation and receive your qualification endorsed in: <ul style="list-style-type: none"> <li>• Environment and Health</li> <li>• Health and Community</li> <li>• Health Behaviour Change</li> <li>• Health Information Management</li> <li>• Health Leadership and Management</li> <li>• Palliative Care</li> </ul>	Relevant bachelor's degree or appropriate health professional qualification with B average.	Feb or July	Full-time: Not less than 2 years Part-time: up to 4 years
Public Health** MPH	Get the public health skills you need to work in a multi-cultural workplace. You will apply your knowledge to analyse data and use evidence-based interventions to improve health outcomes.			Full-time: 1½ years Part-time: 3 years
Health Sciences (Nursing) MHealSc(Nursing)	Want to make a difference in your community and be part of the medical profession? Study nursing through our master's degree and become a registered nurse in 2 years. Offered through Tuihono UC   UC Online.	Relevant bachelor's degree or appropriate health professional qualification with B average.	Feb	Full-time: 2 years Part-time: up to 5 years
Sport Science MSS	Gain sport science research insights from experts within and outside of UC in areas such as high performance exercise physiology and biomechanics.	Relevant bachelor's degree in sport and/or science with a B average or better.	Feb or July	Full-time: 12–18 months

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Health Sciences DHSc	A flexible doctorate designed for health professionals and those working in related fields who want to utilise health data and research to improve the outcomes and experiences of health consumers, whānau, and communities. It consists of a research portfolio and thesis.	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second-class honours or equivalent.	Feb	First 2 years part-time as part of a cohort; then completed over 4 years part-time or 2 years full-time.
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <a href="#">page 9</a> .		Start of any month	Full-time: 3–4 years Part-time: 4.5–6 years

\*\* Subject to CUAP and TEC approval.

# Ture me te Muru Taihara Law and Criminal Justice

UC's Faculty of Law has a proud history of excellence in teaching and scholarship since 1873

We have an international reputation for producing outstanding graduates from a professionally relevant and community-focused law school. UC Law is ranked in one of the world's top 250 law schools (QS World University Rankings by Subject, 2024).

## Research-led teaching

Our teachers are leaders in their fields in areas like International Law, Public Law, European and Comparative Law, as well as Common Law. They have written many key textbooks and for international publishers LexisNexis and Reuters.

Our academics are on editorial boards of well-respected journals including the Journal of Medical Law and the Media and Arts Law Review. UC is also home to the Canterbury Law Review and the New Zealand Yearbook of International Law.

## Research

UC Law has three research clusters:

- Centre for Commercial Law
- International and Comparative Law Group
- Institute of Law, Emergencies and Disasters.

UC Law has strong international links and students are supported in developing their international research profile. Postgraduate research students may apply to the staff research fund to finance these activities.

Among UC's scholarship opportunities, is a PhD Scholarship that is reserved for the Faculty of Law. Contact the Law team before making a formal application.

Library staff offer specialist training in research methods for both Law and Criminal Justice.

## Criminal Justice

UC's Master of Criminal Justice (MCJ) offers an advanced working knowledge of the Criminal Justice system. The MCJ is a mix of taught courses, a research dissertation, and project or internship opportunities for first-hand practical experience in criminal justice.

This degree has a strong focus on developing skills sought by the justice sector including bicultural knowledge and competence, critical analysis of current and future policy, and professional understanding and theories behind crime and rehabilitation.

Our Graduate Diploma in Criminal Justice (GradDipCJ) is an opportunity to complement or extend your undergraduate studies with further study in Criminal Justice. You will graduate with a qualification that is vocationally oriented towards industry needs.

## Our strong reputation

UC Law has a particularly strong reputation in the fields of International Law and Governance and offers a master's programme in International Law and Politics.

## Student experience

- UC Law has many student clubs, like:
- the Law Students' Society, with over 800 members.
  - Te Pūtairiki | Māori Law Students' Association provides a supportive environment for Māori law students.
  - Crimsoc is the club for all things criminal justice.

## Career opportunities

Your study can lead to careers in the legal profession, public sector, NGOs, academic teaching and research. Our alumni include leading academics and policy makers in Aotearoa and abroad.

Skills gained in research, statistical analysis, writing and presenting, and bicultural engagement within real-world contexts are solid foundations for a career in Criminal Justice. You will be equipped for roles within Ngā Pirihimana o Aotearoa | Police, Tāhū o te Ture | Ministry of Justice, and Ara Poutama Aotearoa | Department of Corrections.

Te Kaupeka Ture | Faculty of Law

T: +64 3 369 3888

## Criminal Justice

Qualification	Description	Requires	Start date	Duration
Graduate Diploma in Criminal Justice GradDipCJ	Allows you to further your study with a vocationally oriented qualification in Criminal Justice.	Bachelor's degree.	Feb or July*	Full-time: 1–2 years Part-time: up to 4 years
Postgraduate Certificate in Criminal Justice PGCertCJ	Ideal if you work in criminal justice and want to upskill, or as a pathway onto postgraduate Criminal Justice research.	Bachelor of Criminal Justice (or equivalent) a B average or better, or any other Aotearoa degree and 3 years of relevant work experience in a field.	Feb or July	Full-time: 6 months Part-time: up to 2 years
Master of Criminal Justice MCJ	A qualification for those seeking employment in a range of criminal justice sector occupations and professions, including Police, Corrections, the Ministry of Justice, and in policy development and social service roles.	BCJ with a B+ average, or equivalent.	February	Full-time: 1 year Part-time: up to 3 years

## Law

Qualification	Description	Requires	Start date	Duration
Graduate Certificate in Laws GradCertLaws	Upskill in specialised areas of law, such as international criminal law, Treaty Settlements, Intellectual Property (IP) law. Ideal for those with an overseas Law degree seeking work in Aotearoa.	Bachelor of Laws degree, or any other bachelor's degree plus at least 3 years of related work experience.	Feb or July	Full-time: 6 months Part-time: up to 2 years
Graduate Diploma in Laws GradDipLaws				Full-time: 1 year Part-time: up to 4 years
Postgraduate Certificate in International Law and Politics PGCertIntLaw&Pols	Grow your expertise in international law with courses on process, actions, and challenges with world politics.	Bachelor of Law (or equivalent) a B average or better, or any other Aotearoa degree and 2 years of relevant work experience in a field.	Feb or July	Part-time: up to 2 years
Master of Laws (International Law and Politics) LLM(IntLaw&Pols)	Designed for those who wish to develop specialist knowledge in international law and politics. You will take courses, plus a dissertation. The degree opens up careers in the diplomatic service, specialised legal practice, government, international organisations, non-governmental organisations, and the military.	LLB (or equivalent) with B average.	Feb or July**	Full-time: 1–2 years Part-time: 2–4 years
Master of Laws LLM	The LLM offers a choice of over 40 topics for specialised research where you can study by thesis alone.	LLB (or equivalent) with B+ average.	Feb or July**; or anytime start for thesis-only	Full-time: 1–2 years Part-time: 2–4 years

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <a href="#">page 9</a> . <ul style="list-style-type: none"> <li>• Criminal Justice</li> <li>• Law</li> </ul>	Bachelor's degree with first or second-class honours division 1, or master's degree with first or second-class honours division 1, or equivalent.	Start of any month	Full-time: 3–4 years Part-time: 4–5–6 years

\* July start subject to course availability.

\*\* Although it is possible to start in July, we encourage all students to start in February. This is because there are two compulsory courses for the degree which are offered in the February semester only. It is beneficial for students to have taken these courses before they begin their optional courses.

# Puoro | Music

UC's Te Kura Puoro | School of Music has a vibrant and welcoming environment to study and perform in.

UC's Music staff are respected nationally and internationally as composers, researchers, recording artists, musicologists, and performers. Performance tutors and lecturers are leading practitioners in their fields. A key part of UC's Music experience is taking part in concerts and recitals, seminars and workshops, master classes, and demonstrations. Many of our performance postgraduates are also well established in professional careers in Aotearoa and overseas, having won national competitions and awards.

## Equipment and facilities

Te Puna Mātauraka o Waitaha | Central Library and Te Kura Puoro | School of Music resource centre contain an extensive collection of scores, books, and recordings, including resources not found anywhere else in the country.

There is specialist software for the transformation and manipulation of sound. Other music facilities include top-quality pianos and string instruments, practice rooms, a chamber organ, and Balinese gamelan.

## Music in the city

UC's music students can undertake lessons and performances in the restored Chemistry building in Te Matatiki Toi | Arts Centre situated in central Ōtautahi Christchurch. UC's use of this historic space means more performance opportunities and collaborations, and music students can interact with the city's local and international arts scene.

You have the opportunity to participate in Ōtautahi Christchurch's many amateur and professional groups, whether in opera, theatre, orchestral music, choral, and instrumental. A number of orchestral students perform regularly with the Christchurch Symphony Orchestra.

## A vibrant arts scene

With over 200 concerts and theatre performances every year, there will be plenty of opportunities for you to 'experience the Arts' at UC.

## Performing arts clubs

Even more opportunities to perform can be found in our many clubs: MUSOC, DramaSoc, TuneSoc, UCanDance, and many more. [ucsa.org.nz/clubs](http://ucsa.org.nz/clubs)

## Research

The School's research activities range across musicology, ethnomusicology, composition, and performance. Areas of expertise include performance (voice, piano, organ, and most orchestral instruments), composition, music history and musicology, ethnomusicology, musicianship skills, and conducting.

## Career opportunities

Graduates find positions in orchestras, opera houses, conservatories, universities, schools, and other education contexts. They are prominent in areas of musical leadership with community groups such as choirs and orchestras.

Graduates often work in journalism, television, and radio (planning and production), publishing, and in technical areas, including recording.

People with musical talents are in demand in areas of digital software and music technology, and are sought after by various festival organisers and arts organisations.

Te Kura Puoro | School of Music

## Graduate programmes

Qualification	Description	Requires	Start date	Duration
Bachelor of Arts with Honours majoring in Music BA(Hons)	The BA(Hons) is for high-achieving students. Students can complete their own research as well as taught electives.	BA in Music, or any bachelor's degree plus relevant graduate diploma with good grades.	Feb or July*	Full-time: 1 year Part-time: up to 2 years
Bachelor of Music with Honours MusB(Hons)	For graduates of the MusB (or equivalent) with good grades who wish to extend themselves. May be taken in Composition and Performance.	MusB with good grades; entry into Performance is limited and applications for auditions close on <b>20 September</b> of the preceding year.	Feb	Full-time: 1 year
Graduate Diploma in Arts majoring in Music GradDipArts	Study Music in-depth after your bachelor's. Designed for graduates wanting entry to postgraduate qualifications in Music, or to extend or upgrade their existing qualifications.	Any bachelor's degree.	Feb or July*	Full-time: 1 year Part-time: up to 5 years

## Postgraduate programmes

Qualification	Description	Requires	Start date	Duration
Postgraduate Certificate in Arts majoring in Music PGCertArts	Further study in one area of Music specialisation. Can be studied part-time.	BA or a degree in music with good grades.	Feb or July*	Full-time: 6 months Part-time: 1 year
Postgraduate Diploma in Arts majoring in Music PGDipArts	Students can choose between a number of course combinations, and it offers a convenient taught pathway to other postgraduate study opportunities.	BA or a degree in music with good grades.	Feb or July*	Full-time: 1 year Part-time: up to 2 years
Master of Arts majoring in Music MA	A 180-point degree by coursework and dissertation.	BA in Music, or MusB with good grades.	Feb or July	Full-time: 1-2 years Part-time: up to 3 years
Master of Arts (Thesis) majoring in Music MA(Thesis)	The Master of Arts (Thesis) degree consists of a 120-point thesis in a chosen subject.	BA(Hons) in Music or MusB(Hons) with good grades.	Start of any month	Full-time: 1-2 years Part-time: up to 4 years
Master of Music MMus	Follows the MusB(Hons) and may be taken in Composition or Performance to an advanced technical level.	MusB(Hons) or equivalent, with good grades. Evidence of composition quality is required for Composition students. Entry to the Performance option is limited and applicants must complete an audition subject to approval by the Programme Coordinator. Applicants should contact <a href="mailto:music@canterbury.ac.nz">music@canterbury.ac.nz</a> to arrange an audition.	Feb or July	Full-time: 1 year Part-time: 2 years

\* July start subject to course availability.

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Musical Arts DMA	The DMA is aimed at those wishing to undertake advanced research in music composition or performance. It comprises scholarly research (thesis) and performance practice (public music performance or the presentation of compositions).	Bachelor's degree in Music with first or second-class division 1 honours, or master's degree in Music with distinction or merit (or equivalent). An audition interview, and/or portfolio of previous work is also required.	Start of any month	Full-time: 3 years Part-time: 4-5-6 years
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <a href="#">page 9</a> .	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second-class division 1 honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 6 years

# Hanga Otinga | Product Design

Te Kura Hanga Otinga | School of Product Design qualifications are a blend of engineering, science, design, and entrepreneurship.

Gain product and service design and innovation skills, advanced business knowledge related to product innovation, and strong problem-solving and critical evaluation abilities.

## Research

Te Kura Hanga Otinga | School of Product Design's research includes computer vision-based natural feature registration, computer graphics, augmented and virtual reality, artificial intelligence, societal aspects of design, design methods, ethics and morality in design, the pedagogy of design, bio-based and sustainable materials, bio-inspired design and engineering, material perception in the context of product design, and additive manufacturing/3D printing of bio-based materials.

## Industry collaboration

Te Kura Hanga Otinga | School of Product Design works closely with industry to ensure that our qualifications are relevant and applicable to current businesses. We also undertake projects and research alongside many of our industry partners.

## Design Practice Teaching Fellows

We have the additional benefit of a group of Design Practice Teaching Fellows who work predominantly in industry but also teach within the School, bringing an industry-focused approach to our teaching.

## Career opportunities

Our master's programmes are driven by innovation in our modern, dynamic economy. Product Design graduates with business sense as well as technical skills will suit any part of the product creation lifecycle – designing concepts, testing prototypes, pitching to sellers, and marketing to consumers.

Entrepreneurial skills are highly sought after, and with our programmes you will be well prepared to follow your own product, service, or business venture aspirations.

Depending on the focus in your degree, you may suit roles in commercial, educational, IT, consultancy, quality assurance (QA), government, design and advertising sectors, research and development (R&D), product review and critique, and marketing analysis within enterprises needing skilled graduates.

Te Kura Hanga Otinga  
School of Product Design

## Postgraduate certificate's

Qualification	Description	Requires	Start date	Duration
Product Design PGCertProdDesign	This Certificate offers both practical and theoretical studies in designing product concepts for home, business, and commercial industry use.	BProdDesign with GPA 5 or above at 300-level; or Conjoint BProdDesign and BCom or BProdDesign and BSc with GPA 5 or above at 300-level; or other appropriate design degree with GPA 5 or above at 300-level.	Feb or July	Full-time: 18 months Part-time: 2 years
Product Innovation PGCertProdInnovation	Open to any student, this Certificate offers advanced practical and theoretical skills in creating products for entertainment, homeware, cosmetics, IT, food, healthcare, and many other industries.	Bachelor's degree with GPA 5 or above.	Feb or July	Full-time: 18 months Part-time: 2 years

## Master's

Qualification	Description	Requires	Start date	Duration
Product Design MProdDesign	This degree uses UC's research expertise in a range of commerce, IT, and engineering fields. You will gain advanced knowledge of product design practice, particularly related to your area of design specialisation. The programme provides a mixture of practical work and theory with original supervised research.	BProdDesign with GPA 5 or above at 300-level; or Conjoint BProdDesign and BCom or BProdDesign and BSc with GPA 5 or above at 300-level; or other appropriate design degree with GPA 5 or above at 300-level.	Feb or July	Full-time: 18 months Part-time: 3 years
Product Innovation MProdInnovation	Open to students of any study background, this degree is a perfect opportunity to access specialised facilities and industry experts at UC while beginning to develop your own product or business ideas.	Bachelor's degree with GPA 5 or above.	Feb or July	Full-time: 18 months Part-time: 3 years

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <a href="#">page 9</a> .	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second-class division 1 honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 6 years

# Pūtaiao | Science

UC scientists are involved in groundbreaking work; they have discovered a new plant species, halved the rate of pneumonia in stroke patients, and helped fight mosquito-borne diseases in Tonga.

## World-class courses

UC is ranked in the top 100 universities in the world for Geography, and Linguistics; and in the top 200 for Earth and Marine Sciences (Freshwater, Sustainable Coasts, Water Science and Management), Geophysics (Environmental Hazards and Disasters, Geospatial Data Science), Geology, and Forestry Science.\*

The Master of Science in Medical Physics is accredited by The Australasian College of Physical Scientists & Engineers in Medicine.

Our staff are joined by visiting international academics every year through the Erskine programme. Specialists from all over the world come to UC to teach and collaborate, providing unparalleled access to expertise.

Science facilities at UC are world-class and are enhanced by our Rutherford Regional Science and Innovation Centre (RRSIC), which includes teaching and research laboratories for physics, astronomy, chemistry, geology, geography, and biological sciences.

## Research

Sciences at UC are involved in innovative research with an international reputation. Research is as diverse as conservational genetics, developing novel nanomaterials, detecting microplastics in our environment, speech perception technology, understanding the health benefits of micronutrients, as well as identifying air pollution mitigators.

UC's earth scientists are heavily engaged in natural hazard research (earthquakes, volcanic eruptions, landslides), geophysics, climate, and geothermal research.

Working with industry and external organisations internationally, our world-leading projects are funded from both within Aotearoa and internationally.

**“One week you’ll be out in the field looking at critical infrastructure along the West Coast, the next writing an essay on the influence of the neoliberal economic system on disaster risk, and then suddenly you’re scrambling to help coordinate the response to a (simulated) incoming tsunami.”**

**Michael**  
Master of Disaster Risk and Resilience

\* QS World University Rankings by Subject, 2024.

## Study in a unique locations

UC offers research opportunities in the field that no other Aotearoa university can match. Our field stations are unique in Aotearoa; you could study the alpine environment and ecology at Cass in Waitaha Canterbury, or explore the diverse geological landscapes at Kawatiri Westport.

UC is a partner in the Southern African Large Telescope (SALT) project, and operates a field station in Nigeria as part of the Nigerian Montane Forest project.

## Best stargazing site on Earth

Astronomy students and staff use the Ōtehiwai Mount John Observatory near Takapō Tekapo set within the Aoraki-Mackenzie Dark Sky Reserve, one of the biggest dark sky areas in the world. The observatory is home to six telescopes, including Aotearoa New Zealand's biggest telescope, which can observe 50 million stars each clear night. Experts credit it as one of the best stargazing sites on Earth.

## Career opportunities

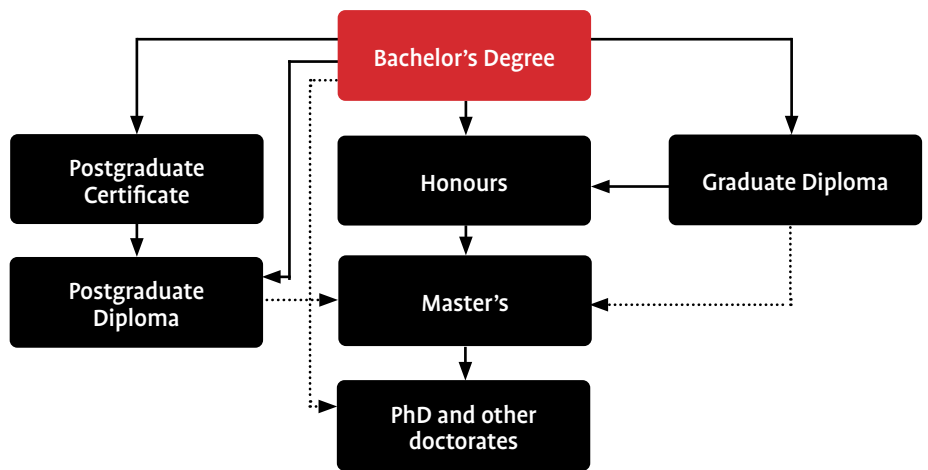

Alongside your subject knowledge, you will develop problem-solving, teamwork, and communication skills. You will use the latest technology during your studies, making you well suited to fields involving scientific discoveries and applied research. Studying Science opens up many career pathways such as in research, business, industry, education, environmental science, health, and government organisations.

Postgraduate study in science is an opportunity to obtain specialist knowledge leading to further advancement. Access to UC's centres of research and innovation, and field stations enable you to conduct inspiring research and get a taste for the sort of employment prospects you can pursue after study.

## Bachelor with Honours

Qualification	Description	Requires	Start date	Duration
Bachelor of Science with Honours BSc(Hons)	A programme of study that includes a research project undertaken in your major subject. This project can be a helpful introduction to developing research skills for further study.	BSc with a B average at 300-level in relevant subjects.	Feb or July	Full-time: 1 year

## Graduate diploma's

Qualification	Description	Requires	Start date	Duration
Science GradDipSc	For graduates seeking to qualify for other postgraduate qualifications in Science, or to extend or upgrade their existing qualification/s. See <b>pages 48–49</b> for a list of subjects offered.	Any bachelor's degree. Acceptance into majors will depend on the standard and relevance of previous studies.	Feb or July	Full-time: 1 year
Psychological Science GradDipPsycSc	Build on your existing degree to build your understanding of psychology and enter into postgraduate study.	Any bachelor's degree.	Feb or July	Full-time: 1 year Part-time: up to 5 years

## Postgraduate certificate's

Qualification	Description	Requires	Start date	Duration
Antarctic Studies PGCertAntaStud	Examine major scientific and environmental themes as well as contemporary issues facing Antarctica.	Any bachelor's degree, and a special application.	Nov	Full-time: 14 weeks
Artificial Intelligence PGCertAI	Prepare your computing skills as we adopt more AI into everyday systems, from research to healthcare to entertainment	Bachelor's degree in Computer Science or related field, or bachelor's degree and at least 5 years of relevant practical experience.	Feb or July	Full-time: 6 months Part-time: 2 years
Cognitive Behaviour Therapy PGCertCBT	Cognitive Behaviour Therapy (CBT) is an evidence-based, talking therapy. It has proven effectiveness in treating substance misuse, and common mental health issues including depression and anxiety.	Bachelor's degree in Psychology or related area and working in a clinical health related field with access to CBT supervision		2 years
Geospatial Data Science PGCertGDS	Gain foundational experience and knowledge of geospatial science and technology. Graduates will be prepared for entry-level geospatial roles, and also for further postgraduate study.	Undergraduate degree with a B average minimum or recognised professional discipline-specific experience.	Feb or July	Full-time: 6 months Part-time: 1 year
Science PGCertSc	Build on your undergraduate studies with this Certificate, or study for professional development, or if you want more in-depth knowledge in a particular area.	Bachelor of Science or equivalent degree, or qualify for entry in your chosen subject of postgraduate study.	Feb or July	Full-time: 6 months Part-time: 1 year

\* February for students who have already completed the Postgraduate Certificate in Antarctic Studies.

## Postgraduate diploma's

Qualification	Description	Requires	Start date	Duration
Applied Data Science PGDipADS	Build your data science capabilities and combine these with the skills and knowledge acquired from previous studies. Also offered through <b>Tuihono UC   UC Online</b> . <i>*Proposed change to [Faculty of Engineering/ UC Business School] pending approval</i>	A degree with a B average in relevant 300-level courses.	Feb or July	Full-time: 1 year Part-time: 2 years
Artificial Intelligence PGDipAI	Learn more in-depth about artificial intelligence and develop skills highly sought after by employers.	Bachelor's degree in Computer Science or related field, or bachelor's degree and at least 5 years of relevant experience.	Feb or July	Full-time: 1 year Part-time: 3 years
Clinical Psychology PGDipClinPsyc	Professional qualification in Clinical Psychology. A maximum of 16 people are selected each year.	MA, MSc, or PhD in Psychology, or BA(Hons) or BSc(Hons) in Psychology and enrolled in a PhD. Application due <b>19 September</b> .	Feb	2 years of coursework and at least 1 year of practical work experience

## Postgraduate diploma's

Qualification	Description	Requires	Start date	Duration
Cognitive Behaviour Therapy PGDipCBT	Cognitive Behaviour Therapy (CBT) is an evidence-based, talking therapy. It has proven effectiveness in treating substance misuse, and common mental health issues including depression and anxiety.	A bachelor's degree in psychology with a B- Average. Application due <b>1 November</b> .	Feb	Part-time: 3 years
Geospatial Data Science PGDipGDS	Gain experience and knowledge of geospatial science and technology. You will be prepared for entry-level geospatial roles and for further postgraduate study.	Undergraduate degree with a B average and/or recognised professional discipline-specific experience.	Feb	Full-time: 1 year Part-time: 2 years
Organisational Psychology PGDipOrgPsync	Organisational psychologists help create a positive, inclusive, and professional work culture as well as a sustainable work-life balance. This Diploma is a great opportunity for those with non-clinical experience wanting to become registered psychologists.	A 240-point master's or PhD in Organisational Psychology, and proof of relevant employment to be used towards the internship component of the Diploma.	Feb	Full-time: 1 year
Science PGDipSc	Build on subjects you took at undergraduate level with this Diploma, or study for professional development, or if you want more in-depth knowledge in a particular area.	BSc or other bachelor's degree and approved science courses, with at least a B- Average in 300-level courses.	Feb or July	Full-time: 1 year

## Master's

Qualification	Description	Requires	Start date	Duration
Antarctic Studies MAntaStud	Combining work with an Antarctic partner organisation, coursework, and an Antarctic-related research dissertation, you will gain a 360-degree view of Antarctic issues. Ideal for careers requiring a solid background in Antarctic science or policy.	PGCertAntaStud and evidence of ability to complete advanced level academic study, with a B average in 300-level courses.	Feb* or Nov	Full-time: 1 year
Disaster Risk and Resilience MDRR	This is an introduction to a rapidly evolving interdisciplinary field — you will gain an understanding of current disaster risk and resilience research and practice fields; disaster risk drivers, risk communication, and disaster risk reduction strategies; and disaster resilience-building theory and practices.	Any relevant bachelor's degree, normally with a B average or higher in the final year of that degree.	Feb	Full-time: 1 year
Financial Engineering MFEng	This cross-disciplinary degree directly links real-world problems in financial engineering to an underlying theoretical framework. You will become capable of high-level performance in the financial industry. <i>* May be changed to Business</i>	Any bachelor's degree (including some Statistics, Mathematics, and Finance courses or completion of a qualifying course), normally with a B+ average.	Feb	Full-time: 1 year
Mathematical Sciences MMathSci	This programme is part of the Engineering qualifications as UC. Please see <b>page 31</b> for more info, or contact the postgraduate Engineering Student Advisor at <a href="mailto:engpgdegreeadvice@canterbury.ac.nz">engpgdegreeadvice@canterbury.ac.nz</a> .	Bachelor's degree in a relevant subject, and have passed at least 60 points of your 300-level courses with at least a B average.	Feb or July	Full-time: 18 months
Organisational Psychology MOrgPsync	Achieve mastery in organisational psychology and drive positive change in your workplace. From designing job structures to selecting top talent, this programme covers many essential skills for today's leaders. This degree is offered fully online through <b>Tuihono UC   UC Online</b> .	Bachelor's degree with major or minor in Psychology with B average <b>or</b> bachelor's degree or equivalent with at least 5 years experience in relevant field.	Feb or July	Full-time: 1.5 years Part-time: 3 years
Science MSc	The MSc normally consists of coursework and a thesis. Those who have qualified for the equivalent of a BSc(Hons) or PGDipSc with appropriate grades in the subject may be admitted to the MSc by thesis-only in that subject. See our subjects on <b>pages 48–49</b> .	BSc or BSc(Hons); or PGDipSc; or any bachelor's degree and a qualifying programme. Child and Family Psychology has other criteria — contact the School of Health Sciences.	Feb or July	Full-time: 2 years Part II (thesis only): Full-time: 1–2 years

## Master's

Qualification	Description	Requires	Start date	Duration
Urban Resilience and Renewal MURR	Focus on how communities respond to challenges that cities are facing around the world. You will engage with community groups and local government through coursework and a research project.	Relevant bachelor's degree eg, Geography, Environmental Science, Sociology.	Feb	Full-time: 1 year
Water Science and Management MWSM	You will gain specialist knowledge, the ability to work in interdisciplinary teams, and experience in community engagement. You will be prepared to work as water scientists and decision-makers in the public and private sectors.	Relevant bachelor's degree.	Feb	Full-time: 1 year
Professional Geospatial Data Science PMGDS	This will equip current and future geospatial professionals with the advanced skills required for geospatial leadership roles in government, industry, and research.	Relevant undergraduate degree with a B average in 300-level courses, or at least 3 years' professional experience.	Feb	Full-time: 1 year
Professional Master of Computer Science PMCS	Designed to provide advanced subject knowledge in computer science, this applied degree enables upskilling in the theory and application of advanced computer science. <i>* May be changed to Engineering</i>	A BSc degree in Computer Science or equivalent, with a B average in 300-level courses or relevant professional work experience.	Feb	Full-time: 1 year

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. See <a href="#">page 9</a> for more information about PhD study at UC.	Bachelor's degree with first-class or second-class honours division 1, or research-based master's degree with first-class or second-class honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 4.5-6 years

# Tauwhiro Hapori | Social Work

UC's Social Work programme is one of the first established in Aotearoa and offers internationally-recognised qualifications.

The range and flexibility of study options allow graduates already employed as social workers, or those wishing to gain a first professional Social Work qualification, to undertake further studies. Postgraduates acquire skills which enable them to provide leadership in social work practice, policy development, research, education and training, and management.

Staff remain involved in their particular areas of practice. Postgraduate students benefit from the programme's commitment to interactive teaching styles as well as access to dedicated computer facilities and office space.

## Research

The programme has strong links between research, teaching, and practice, and enjoys close relations with social work agencies in the community. Research focuses include interpersonal violence, indigenous cross-cultural theory and practice, policy and practice on ageing, community development, social policy, and clinical social work.

## Career opportunities

Social workers are employed in both the public and private sectors, providing direct services to children, families, the aged, people who have committed offences, and people with disabilities, and indirect services in social sector planning, policy development, and research.

Graduates work in a wide variety of jobs, including community development workers, therapists, youth workers, field workers, counsellors, case managers, probation officers, iwi social workers, hospital social workers, service coordinators, policy analysts, and researchers.

Social Work graduates are highly sought after internationally, especially in the United Kingdom and Australia.

\* December and January starts are not recommended.

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD	The PhD comprises advanced research presented in a thesis. For more details, see <b>page 9</b> .	Bachelor's degree with first or second-class division 1 honours, or master's degree with first or second-class division 1 honours, or equivalent.	Start of any month	Full-time: 3-4 years Part-time: 4.5-6 years

**“I’m really passionate about justice and I love that social work is all about overcoming barriers, fighting injustice, advocating for clients, empowering people.”**

**Kim**  
Master of Social Work (Applied)

# Hauora Reo | Speech and Hearing

UC's staff are internationally recognised for their research in communication sciences and disorders.

Te Kura Mahi ā-Hirikapo | School of Psychology, Speech and Hearing serves Aotearoa and the world through excellence and innovation in scholarship, teaching, and public service. Students are challenged to excel in professional practice and research related to disorders of hearing, speech, language, and swallowing.

Staff provide a national resource centre for information and continuing professional education in the field. Each year a number of distinguished scholars, including Erskine Fellows, come from around the world to lecture and conduct seminars at UC.

The Master of Audiology at UC is accredited by NZ Audiological Society, and the Master of Speech and Language Pathology is accredited by the New Zealand Speech-Language Therapists' Association.

## Research

Te Kura Mahi ā-Hirikapo | School of Psychology, Speech and Hearing has three research laboratories: Te Puna Whakaora Rehu Ohotata Rose Centre for Stroke Recovery, UC Speech Labs, and the Child Language Centre. Many of our researchers are also part of the multidisciplinary Te Kāhui Roro Reo | New Zealand Institute of Language, Brain and Behaviour based at UC.

## Resources and partnerships

- The School has four on-campus laboratories featuring the latest equipment.
- The School is a partner in the UC-hosted Te Kāhui Roro Reo | New Zealand Institute of Language, Brain and Behaviour.
- Te Puna Whakaora Rehu Ohotata | Rose Centre for Stroke Recovery, and research at St George's Medical Centre, is a UC initiative to link research with the clinical health community.
- Postgraduate students participate in clinics at public hospitals, schools, and centres, providing a multitude of options for working with clients of all ages with speech and hearing disabilities.

## Career opportunities

The speech-language therapy profession offers a range of career opportunities. Graduates are highly employable as clinicians in Aotearoa and overseas.

You can work with people in a research laboratory, a private clinic, or a government agency. You can work with children who experience language delays, or with elderly stroke patients in a large hospital or nursing home. You can be an entrepreneur, developing and marketing new communication devices and tests, or build your own private practice. You can teach at a university, or conduct research in a scientific laboratory.

## Master's

Qualification	Description	Requires	Start date	Duration
Audiology MAud	Includes coursework, and clinical and research experiences. It involves training professional clinical audiologists with an emphasis on the development of clinical skills relating to the practice of audiology.	BSLP(Hons), BA, BSc; other bachelor's degrees also considered. A special application is required; applications close on <b>1 October</b> .*	Feb	Full-time: 2 years Part-time: up to 4 years
Science majoring in Speech and Language Sciences MSc	Includes independent research presented in a thesis, which is completed concurrently with one advanced course in either clinical management or research design. A non-clinical, research-only pathway is available to students with a 4-year undergraduate degree in a related discipline. This prepares graduates for clinical supervision and/or research, entry to a doctorate programme, or to assume leadership roles.	BSLP(Hons) or other qualifying programme. Liaise with department postgraduate coordinators to find out more about GPA requirements. Applications close on <b>1 November</b> .	Feb	Full-time: 1–2 years
Speech and Language Pathology MSLP	This professional qualification is accredited by the New Zealand Speech-Language Therapists' Association. It includes clinical experience with clients of all ages. Study areas include swallowing, fluency and voice, clinical linguistics, and speech and language development and disorders.	Any bachelor's or master's degree (although not suitable for those graduates with a degree specialising in speech and language therapy/pathology). A special application is required; applications close on <b>1 October</b> .*	Feb	Full-time: 1–2 years Part-time: up to 4 years

\* **NOTE:** Applications close 1 October, but those received before 1 August may be considered for early admission. Final application results may not be available until November. If you are also applying for admission to the University, please ensure you apply several weeks before this date to allow time for your application to be processed.

## Doctorates

Qualification	Description	Requires	Start date	Duration
Doctor of Philosophy PhD — Audiology — Speech and Language Sciences	The PhD comprises advanced research presented in a thesis. See <a href="#">page 9</a> for more information on PhDs.	Bachelor's degree with first-class or second-class division 1 honours or master's degree with first or second-class division 1 honours, or equivalent.	Start of any month	Full-time: 3–4 years Part-time: 5–6 years

**“The degree itself is challenging but what you will gain is very rewarding. I learned a lot from distinguished professors and experienced clinical educators. The learning environment is open and relaxing which helps student maximise their abilities.”**

**Nguyen**  
Master of Speech and Language Pathology

**Lifestyle and support**

# Accommodation

Our accommodation offers a safe and supportive environment on campus.

## Apartment-style living

You will have your own fully-furnished room and share kitchen, living, bathroom, and laundry facilities with other students of similar age and level of study.

There are four self-catered options for postgraduate students:

## Campus Houses

There are 24 houses located on the perimeter of the campus for students. The houses are fully-furnished with two to five single and queen rooms. Shared housing for couples and a two-bedroom house for a small family is an option. Lawns and gardens are maintained by UC staff.

## Hayashi

Hayashi offers a quieter living environment. Each two-storey townhouse has a mixture of single and double rooms with a limited number of ensuite rooms and self-contained studio units for couples. Hayashi, located on the Dovedale campus, is a 15-minute walk to main campus facilities.

## Ilam Student Accommodation

With students of all ages, all levels of study, and from all over the world, Ilam offers a large diverse community and is just 5 minutes' walk to the Ilam campus. There are three apartment types – Mānuka, Kōwhai, and Hīnau.

## Sonoda Christchurch Campus

Located adjacent to Hayashi, Sonoda offers 108 single rooms in five-bedroom apartments. The hall is surrounded by Japanese-inspired landscaped grounds providing a peaceful environment to live and study.

### Take a look inside

Using the 360-degree panoramas online or by visiting: [canterbury.ac.nz/life/accommodation](http://canterbury.ac.nz/life/accommodation)

## Homestay

Homestay is living with a local family with your own fully furnished room and meals.

UC has contracts with two homestay providers who manage the application and placement process. Rates range from \$290 per week.

## Private renting

Rent can range from \$460 per week for a two-bedroom house to \$1,265 per week for a five plus-bedroom house. \*

Set up costs for an empty property include:

- 1–4 week's rent as bond.
- 1–2 week's rent in advance.
- Power and internet.
- Furniture and whiteware (if unfurnished).
- Contents/liability insurance.

Temporary accommodation is required on arrival as you must not sign for a room or property without viewing it personally.

For information on starting a tenancy, market rent, and rights and responsibilities, refer to [www.tenancy.govt.nz](http://www.tenancy.govt.nz)

*\*Source: Tenancy Services.*

## Accessibility

UC is committed to assisting students with accessibility needs. If you have a specific requirement, please advise us in your application so we can ensure that your needs are met.

## Couples and Families

If you are travelling with your partner and/or family, please check with Accommodation Services as accommodation on campus is very limited. It is likely that you will be required to source a room or property off campus.

2026

## ACCOMMODATION GUIDE

### HE ARATAKI NOHONGA

## Postgraduate Flexi Start

If you are arriving outside standard semester dates (January–June or July–December), you can apply for a postgraduate flexi start. This enables you to indicate your arrival date so the hall can adjust your start date to align with your arrival date.

## How to apply

An online application form is required, selecting either the 2026 Academic Year, 2026 Semester 1 only, or 2026 Postgraduate Flexi Start. Academic Year applications are prioritised over Semester 1.

Couples and families can apply for 2026 Couples/Family Accommodation.

*Halls of residence are affiliated to UC through a contract and pastoral care collaboration. Your contract is directly with the hall of residence with standards and expectations as set out in the Village Rules.*

### Te Ratonga Nohonga Accommodation Services

T: +64 3 369 3569  
E: [accommodation@canterbury.ac.nz](mailto:accommodation@canterbury.ac.nz)

# Support Services

Reach out to our on-campus services extending from academic assistance to health and wellbeing support.

## Te Pokapū Pūkenga Ako Academic Skills Centre (ASC)

Whether you are worried about returning to study after time off or just want to take your writing and presenting to the next level, ASC provides a range of free support services to help you thrive academically. You can book personalised appointments, and we have workshops in a range of areas including:

- adults returning to study
- postgraduate academic skills
- essay writing/ oral presentation
- time management.

## Te Ratonga Whaikaha Student Accessibility Service

If you have a disability or a long-term medical condition, any permanent or temporary impairment, or any condition that may affect your study, get in touch with the Student Accessibility Service to discuss support. Contact [sas@canterbury.ac.nz](mailto:sas@canterbury.ac.nz)

## Atawhai Ākonga | Student Care

Need to talk? Feeling like you are overwhelmed or struggling? Student Care can support you throughout your time at UC. We can help with personal, social, family, mental health and wellbeing issues; work/study balance; and financial issues.

Our professional and friendly Wellbeing Advisors will meet with you to understand your needs, discuss your situation, and help you to work through your options. They can provide you strategies, advice, and information. Please book a free, confidential appointment online or drop in to see us.

## International Student Support

International Student Advisors are available to support you with a range of wellbeing, cultural, family, or other support issues you may have. Please book a free, confidential appointment so that we can understand your needs.

## Find your community

At UC, we are proud of our rich diversity of communities. Whether you identify as Ākonga Māori, Pacific, Rainbow, Disabled, International, we have spaces just for you.

### UC Communities

Find out more about our communities range of services and programmes.

We have trained student advisors to support you throughout your time here, whether that's with tutoring, wellbeing, social support, hardship funding, or any other help you need.

## Support for Rainbow Students

Our rainbow team offers support and advice for all Rainbow ākonga. UC has many Rainbow Clubs on campus including QCanterbury and faculty-specific clubs (eg, Queer in Law and Rainbow Engineering). We also have a rainbow room on campus for students to use as a study, meeting or social space, and events such as Rainbow Cafe.

## Akiaki Ākonga Student Experience

The UC Mentoring programme can link you with a student mentor who will provide friendly support, and help you adjust to campus life.

## UniLife

UniLife is a free, year-long social mentoring programme, run by students for students who are new to UC, live off-campus, or are international students. We are here to help you find your feet at UC, meet other students, make friends, and explore together what UC and Christchurch/Canterbury has to offer.

We have a specific team in UniLife for postgraduate students, whether domestic or international, of any age or career level.

## Te Rōpū Ākonga | UCSA

Te Rōpū Ākonga o Te Whare Wānanga o Waitaha | University of Canterbury Students' Association (UCSA) is a not-for-profit organisation dedicated to helping students succeed and belong at UC.

Services include advocacy and welfare, a subsidised dental scheme, early learning centres, club support, events, media, and even food outlets on campus.

UCSA has over 160 student-run clubs in everything from anime and baking to tramping and underwater hockey. Whatever you are interested in, you can find your community at UC.

## UC Postgraduate Student's Association (PGSA)

PGSA is the only UCSA-affiliated club run 'by postgrads for postgrads'. PGSA supports Te Kura Tāura | UC Graduate School's academic and professional development seminars and lectures. Social events run by UC PGSA include meetups, quiz nights, trips away, and an annual postgraduate ball.

## Health services

At UC Health Centre, we offer a range of GP (General Practitioner) services and counselling support to look after your physical and mental health. These services are often free or heavily subsidised for our students.

Membership at UC's Rec & Sport is free for all students. You can play social sport, gym, or just drop-in and shoot some hoops to unwind. Both UC and the UCSA run early learning centres to support students with families.

### Support and wellbeing

To read more about all the support services, go to UC's wellbeing page.
