

Be part of New Zealand's energy journey

Power up your studies with scholarships of up to \$14,000 to study Electrical and Electronic Engineering at UC

Up to eight scholarships available for applicants at each year level (school leavers, UC Engineering Intermediate, First and Second Professional Year)

Annual value of \$3,000 or \$5,000 depending on year level

Applications close 15 August 2020

MERCURY MARAETAI HYDRO STATIONS: 360 MW

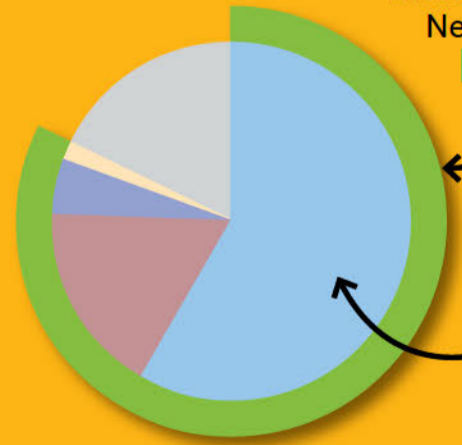

MERIDIAN MANAPOURI HYDRO STATION: 850 MW

Location of New Zealand's major hydro power station groupings

NZ HYDRO GENERATION CAPACITY
5370 MW

Did you know?

In 2019, 82.4% of electricity generated in New Zealand was **renewable***!

58.5% was generated by **hydro power stations**
