**Description of Task:**

You meet a friend in the doctor’s waiting room and share information (in German, because you want to practice your German for school) about why you need to be there.

You could ask and talk about:

- what you have wrong with you
- what you don’t have
- for how long you have had the symptoms
- what happened (why you are sick and/or injured)
- where you were/with whom
- what you want to do/happen

**Self Evaluation:**

On the Chat chart, I think that I am at
