

2021 End-of-year Examination Period

On-campus exams: The examinations listed below require each student to have their calculator checked and approved BEFORE coming to the examination. If you are attending an exam for one of the courses listed below and you have not had your calculator checked, you will not be permitted to use it in your exam. You may get your standard non-programmable calculator checked at the Information Desk, Matariki/Registry Level 1. Students are responsible for ensuring that their calculators meet requirements. No spare calculators will be provided to the exam room.

Students studying by Distance: If the exam is supervised, then the type of calculator will be checked at the beginning of the exam. Stickers are optional.
