1. Introduction | Kupu Whakataki

- 1.1 The purpose of this document is to explain the University of Canterbury’s complaints procedures, from a student’s perspective. This guide explains how you (or the person representing you) can make a complaint, how the University will handle your complaint, timeframes for resolution, and alternative resolution options. Please read this guide in full before you make a complaint.
- 1.2 If you would like support, assistance in understanding these procedures, or to discuss your circumstances or concerns prior to making a complaint, you can contact:
 - a) the [UC Grievance and Academic Processes Advisor | Kairuruku Nawe, Tukanga Akoranga](#) – for information regarding the process and to answer any questions; or
 - b) the [UCSA Student Advocate](#) – for confidential and independent advice, advocacy, and support.

If you need additional assistance to use these complaints procedures, for example, due to a language barrier or lack of internet access, please contact the UC Grievance and Academic Processes Advisor or the UCSA Student Advocate to discuss additional support options.

- 1.3 The University's complaints procedures are summarised in the diagram in the attached Appendix and discussed in detail below.
- 1.4 If you wish to raise a concern (but not a formal complaint under these procedures), then please contact concerns@canterbury.ac.nz.

2. Complaints covered by this Procedure

For other types of complaints, there may be different processes: see paragraph 3 below.

Where a group of students would like to jointly make a complaint, they can do so under these procedures by either jointly making a complaint, or through a representative.
- 2.3 Students may wish to raise a complaint for purposes such as:
 - a) having their concerns heard and/or investigated;
 - b) receiving an apology or acknowledgement of wrongdoing;
 - c) having a decision made or an action taken;
 - d) having a record kept that their complaint has been raised; or
 - e) improving existing services and/or processes.

3. Complaints not covered by this Procedure

 - a) an academic decision: should follow the process set out in the Appeals Regulations (<https://www.canterbury.ac.nz/regulations/>) as applicable.
 - b) student conduct: should follow the process set out in the Behavioural Misconduct Regulations and Academic Misconduct Regulations (<https://www.canterbury.ac.nz/regulations/>);

The ‘Report It’ webpage contains information about the process and what happens when you submit an anonymous report. Please refer to the Report it [FAQ webpage](#) for further information.

5. Principles | Ngā Mātāpono

- 5.1 When handling student complaints, the University and its staff will endeavour to:
- a) handle complaints in a way that is fair, transparent, timely and effective;
 - b) work with students to consider their issues from a cultural perspective;
 - c) accommodate the involvement of the student’s chosen support people and/or whānau, where requested by the student and/or the student is a minor; and
 - d) provide culturally responsive approaches to resolving complaints, including considering traditional and informal processes for raising and resolving issues.
- 5.2 When handling student complaints, the University and its staff will endeavour to uphold [Ngā Uara](#) – the University’s organisation values of manaakitanga, whanaungatanga and tiakitanga, and the attributes that underpin these values to:
- a) Kia Tika: do what is right, be professional and maintain high standards;
 - b) Kia Pono: be honest, truthful and act with integrity; and
 - c) Kia Aroha: be respectful, responsive and empathetic.
- At the centre of these attributes is utu – reciprocation and balance.

6. Informal Resolution Options

- 6.1 Where appropriate and you feel safe to do so, students are encouraged to resolve issues informally by directly approaching the relevant UC staff member or service area, either on their own or with the support of a third party such as a UCSA Advocate. Informal resolution strategies might be conducted in person or via email, and include:
- a) telling the person what the issue is;
 - b) asking them to stop or to behave differently; and
 - c) where appropriate, keeping a written record of this action.

- 6.2 Paragraph 6.1 does not apply to complaints concerning alleged criminal conduct, including sexual assault. Please refer to the University's [Prevention of Harassment and Bullying Policy](#) for further information. Criminal matters may be referred to the Police by the student or the University.
- 6.3 Staff approached by a student with a complaint are expected to deal with the matter in an open and professional way, and to take reasonable and prompt action to try to resolve the matter informally or if it is more serious, refer the matter to a more senior staff member. In dealing with a complaint, staff should take into account the principles set out in paragraph 5.
- 6.4 The staff member may seek further information or clarification from either the student, or from others, without naming the student unless express permission has been provided by the student for them to be named. The staff member may seek the support of their Head of School or Department, relevant Associate Dean or Executive Dean (or delegate) when considering the matter.
- 6.5 Staff members should provide students with an outline of the next steps and an indication of when an outcome is likely to be available within ten (10) Working Days of the matter being raised. Where they are not resolved to the satisfaction of the student, or where the matter is more serious, should follow the formal complaints procedure as set out below.

7. Formal Complaint Submission Process

- 7.1 A student who is unable to resolve their issue or concern informally, or considers informal resolution inappropriate or unsatisfactory, can lodge a formal complaint through the UC Grievance and Academic Processes Advisor.
- 7.2 Students must submit the formal complaint in writing, clearly stating:
- a) that the complaint is a formal complaint;
 - b) who is raising the complaint, and how best to contact them;
 - c) the basis for the complaint;
 - d) if known, the name of the person, faculty, or service unit which is the subject of the complaint;
 - e) a description of the events that have given rise to the complaint;
 - f) actions you have taken to resolve the complaint; and
 - g) any outcomes sought as a result from the complaint.
- The student should also provide any relevant evidence.
- 7.3 Formal complaints should be sent for the attention of the Grievance and Academic Processes Advisor to concerns@canterbury.ac.nz.
- 7.4 A student can withdraw their complaint at any time by writing to the UC Grievance and Academic Processes Advisor (at concerns@canterbury.ac.nz) and the matter will be considered to be resolved. The University may continue to investigate a complaint if we believe it would be helpful to do so, including to ensure that we provide a safe and supportive learning environment or where we are required to do so to satisfy legal requirements.

- 7.5 The University will not investigate a formal complaint submission where it reasonably considers that:
- a) the person who has submitted the complaint is not a student (or a proper representative of a student);
 - b) the submission does not present a circumstance that meets the definition of a complaint;
 - c) another policy or procedure has been or can be used to consider the complaint;
 - d) the student has provided insufficient detail or evidence of the issue to enable it to be properly assessed;
 - e) the student is not willing to participate or assist the Grievance and Academic Processes Advisor;
 - f) the complaint is a Frivolous, Vexatious or Malicious Complaint; or
 - g) the complaint has been appropriately addressed or resolved, and does not warrant further action.

8. Receipt and Assessment

- 8.1 The University will provide students with written acknowledgement of receipt of a formal complaint within two (2) Working Days of formal lodgement of the complaint.
- 8.2 The Grievance and Academic Processes Advisor will process the complaint within approximately five (5) Working Days of its receipt. The Grievance and Academic Processes Advisor will determine whether the submission:
- a) falls within the scope of another University regulation or policy which, for the purpose of complaint resolution, has a procedure to review the action, decision or omission that is the subject of the complaint. The Grievance and Academic Processes Advisor will refer the complaint for consideration under the appropriate University regulation or policy and advise the student of this referral; or
 - b) will be managed under the Student Complaint Procedure. The Grievance and Academic Processes Advisor will:
 - i) determine whether the Assisted Resolution Process (set out in paragraph 9 below) should be followed or whether an Investigation (set out in paragraph 10) is appropriate; and
 - ii) refer the complaint and recommendation arising from 8.2(b)(i) to the Responsible Officer (i.e. relevant Associate Dean, Executive Dean, Director, or equivalent, or equivalent Responsible Officer”), unless the Grievance and Academic Processes Advisor determines on the basis of the submission that a reasonable concern of bias or a conflict of interest exists with regard to that officer, in which case the Grievance and Academic Processes Advisor will contact the next most senior officer as the Responsible Officer;
 - iii) determine the period during which a resolution of the complaint is expected to be achieved. This will be approximately within fifteen (15) Working Days. In the case of complex cases, the resolution period may be longer. Where a

resolution is likely to exceed fifteen (15) Working Days, the Grievance and Academic Processes Advisor will provide an estimated timeframe for the resolution of the complaint; and

- iv) advise the student of the referral to the Responsible Officer and period during which a resolution of the complaint is expected to be achieved.
- c) should be referred to the Dean (Academic Governance) to determine if a complaint is a Frivolous, Trivial or Vexatious Complaint. Within approximately five (5) Working Days of the referral, the Dean (Academic Governance) may determine, that the complaint:
 - i) is a Frivolous, Trivial or Vexatious Complaint, may dismiss the complaint and notify the student. At the request of the student, the decision of the Dean (Academic Governance) will be reviewed by the Tumu Tuarua Akoranga | Deputy Vice-Chancellor Academic; or
 - ii) is not a Frivolous, Trivial or Vexatious Complaint, and notify the Grievance and Academic Processes Advisor.
- d) will be referred to People and Culture for investigation, if it is a staff employment matter.

8.3 The Responsible Officer will acknowledge receipt of the referral of the complaint submission. If they believe they have a conflict of interest, or the student raises reasonable concerns of bias, regarding the referral, they will advise the Grievance and Academic Processes Advisor, who will re-refer the complaint under paragraph 8.2(b)(ii).

8.4 At the conclusion of the preliminary assessment described in paragraph 8.2, the Grievance and Academic Processes Advisor must provide the student (and, where appropriate, the respondent) a written statement of the outcome of the preliminary assessment, which includes:

- a) reasons for the outcome; and
- b) details of any right to seek an appeal, as described in paragraph 10.

9. Assisted Resolution Process

9.1 Where the assessment in paragraph 8.2 determines that assisted resolution is appropriate, resolution may include, but is not limited to:

- a) clarifying a misunderstanding;
- b) an apology;
- c) facilitated discussion, including mediation or conciliation;
- d) an agreed plan of action to avoid further incidents; or
- e) implementing awareness-raising or educational sessions about behaviour.

9.2 Where reasonable, the assisted resolution process should be completed within twenty (20) Working Days of the assessment referred to in paragraph 8.2.

- 9.3 Where twenty (20) Working Days is not reasonable, the Grievance and Academic Processes Advisor must:
- a) advise the student of the reasons for the delay, and of the projected timeframe for resolution; and
 - b) update the student on the progress of the complaint every (ten) 10 Working Days.

10. Investigation

- 10.1 Where assisted resolution is unsuccessful or considered inappropriate, the Grievance and Academic Processes Advisor must determine whether:
- a) the matter should be investigated under paragraph 10; or
 - b) any other further action should be taken.
- 10.2 The University may initiate an investigation:
- a) for serious complaints (as determined by the University in its absolute discretion, taking into account the student's views and circumstances);
 - b) where assisted resolution is unsuccessful or not appropriate; or
 - c) in other circumstances, where the University considers it to be appropriate.
- 10.3 Except where otherwise required by University rules, protocols, policies and procedures, the Responsible Officer will determine how the complaint will be addressed, taking into account the principles in paragraph 5. This may include:
- a) nominating an appropriate staff member(s) to assist;
 - b) meeting with the parties (with their respective support person(s)), together or separately;
 - c) providing for mediation, conciliation or investigation of the complaint by an appropriately trained and independent person; and/or
 - d) obtaining all other relevant evidence in the University's possession.
- 10.4 The Responsible Officer will provide respondents with:
- a) the allegations in sufficient detail to ensure that they have a reasonable opportunity to respond; and
 - b) a reasonable period of time within which to respond to the allegations.
- 10.5 The Responsible Officer will ensure all parties involved in resolving the complaint are treated fairly and reasonably. If the University is required to respond to the complaint within the context of the UC Staff Code of Conduct then the complaint may be referred to People and Culture for investigation.
- 10.6 The Responsible Officer may make findings of fact and may make recommendations for resolving complaints, in accordance with University statutes, regulations, rules, protocols, policies and procedures.
- 10.7 The Responsible Officer will consider in what ways the complaint might be valid and the appropriate response, including if a remedy is justified. This will include that:

- a) in determining an appropriate remedy, the remedial action the student has sought is considered; and
 - b) a remedy must be within the authority of the Responsible Officer or be recommended by the Responsible Officer to an appropriately delegated person or body, which has the authority to implement the remedy.
- 10.8 The Responsible Officer must give the Grievance and Academic Processes Advisor written reasons for their findings of fact and (if relevant) their recommendations. The reasons must provide enough detail for students and respondents to determine whether there are sufficient grounds for an appeal.
- 10.9 Where reasonable, the investigation should be concluded within thirty (30) Working Days. Where thirty (30) Working Days is not reasonable, the Grievance and Academic Processes Advisor must:
- a) advise the student of the reasons for the delay, and of the projected timeframe for conclusion of the investigation; and
 - b) update the student on the progress of the complaint every ten (10) Working Days.
- 10.10 If the Responsible Officer recommends any systemic improvements to University practices, including the review of policies or procedures following the review of a complaint, the Grievance and Academic Processes Advisor will forward any recommendation(s) to the relevant officer(s) for action. Officers who receive a Responsible Officer's recommendation(s) will advise the Grievance and Academic Processes Advisor and the Responsible Officer of their response to the recommendation(s) within fifteen (15) Working Days.
- 10.11 If a remedy is approved, then the University will implement corrective and preventative actions as soon as possible. The staff member who authorised the remedy will keep the student appropriately informed of progress in implementing the remedy.
- 10.12 Where an investigation occurs in relation to a staff member's employment, the University will be limited in the information it can provide to a student under the Privacy Act 2020.

11. Right of Appeal

- 11.1 A student has a right to seek leave to appeal to the Tumu Tuarua Akoranga | Deputy Vice-Chancellor Academic.
- 11.2 Any application for leave to appeal must be received within ten Working Days of notification of the decision being appealed. Notification is deemed to occur when the message of notification reaches the student's electronic address. A late application for leave to appeal will be accepted only in exceptional circumstances. The decision not to accept a late application cannot be appealed.
- 11.3 Leave to appeal will only be granted where there may have been a breach of process in relation to the decision, where there is new evidence or information that was not available to the student at the time of the decision and/or where the decision was manifestly unjust. The application for leave to appeal must specify how this requirement is met.

12. External Complaint and Appeal Options

12.1 In the first instance, the University and the student should endeavour to resolve the complaint or dispute through the processes described in these procedures. However, a student can raise an external complaint or dispute, if:

- a) the University does not accept the student's complaint;
- b) the student or the University perceives that the University does not have the cultural competency to deal with the complaint;
- c) the student is not satisfied that the University has made adequate progress towards resolving the complaint; or
- d) the student is not satisfied with the University's internal complaints process or outcome.

A student can seek resolution of a dispute from the following agencies, depending on the subject matter of the dispute.
