

Some mornings when I'm working or playing [Name] will come to ask me if I want to go and do some work with [him/her] and other children

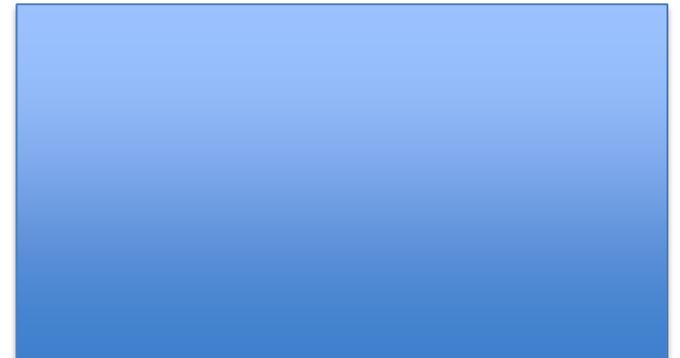

PICTURE OF RESEARCHER GOES HERE

# This is where we will go

[PICTURES OF THE SPACE, E.G. CLASSROOM,  
HERE]

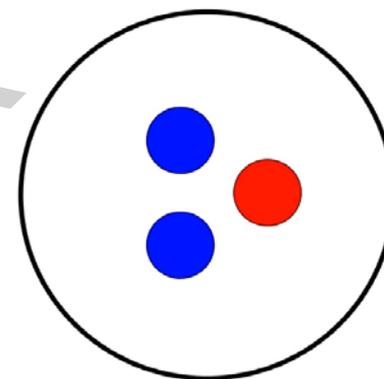

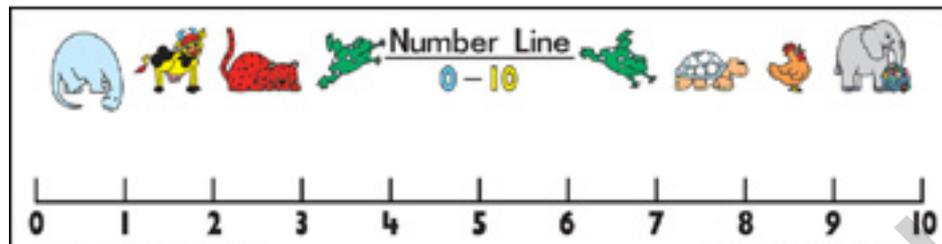

# This is who else could be there too

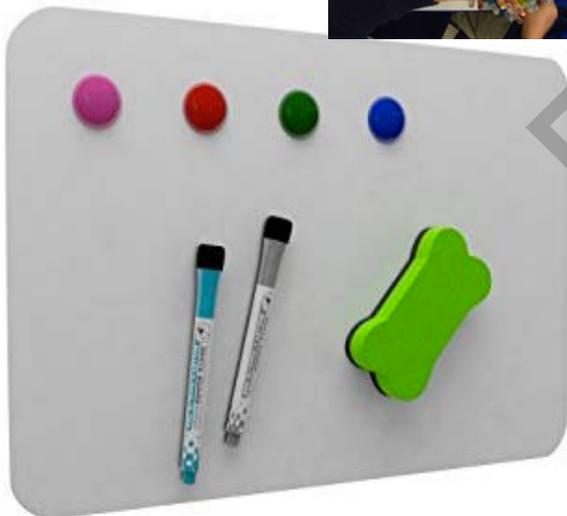

- Photos of other children for whom I have consent to work with (once I know who they are)

EXEMPLAR

We will do some maths like we do in our classroom. We might use some of these things

Talking and listening

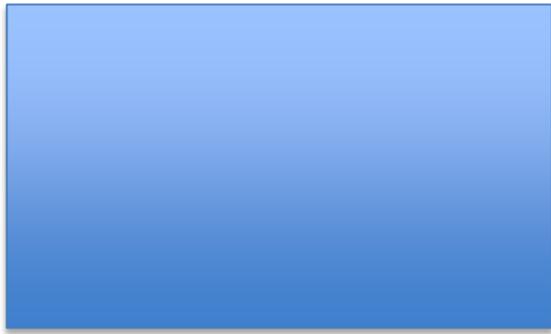

[Name] is interested in what we say and do with numbers so she will be recording us talking and sometimes she will ask if she can take photos or video of us. Only [Name] and her teacher will listen to or watch the recordings. [Name] won't tell anyone my name.

This is what my classmates might be  
doing while I am working with

[Name]

[Pictures of children playing/interacting w/teacher  
here]

At the end [Name] will take me back to  
Room XX and I can join in with what  
my class is doing

Photo of Room xx

EXEMPLAR

I can say 'NO' if I don't want to go.  
I can tell my teacher or [Name] if I  
don't want to work on maths at any  
time and that will be OK.
